FORESTS.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (Forests),—dated 16th October 1882.

READ—

Letter from the Deputy Commissioner, Mysore District, No. 246 of the 6th September 1880.

No. 4782-5—186, DATED BANGALORE, 16TH OCTOBER 1882.

ORDER.—Mr. Russell will have charge of the State forests marginally noted in the Mysore District, and the Assistant Conservator Mr. Abdul Karim will have charge of the District forests as well as of the Sandal Department and supply of fuel to the Railway. Separate establishments as per annexed list are sanctioned for these officers.

1. Ainur-Marigudi forest.
2. Begur forest.
3. Kakankote forest.
4. Metikoppa forest.
5. Viranhosahalli forest.
6. Berambadi forest.
7. Bandipur forest.

2. Mr. Russell's special attention should be given to the early and rapid reproduction of the above State forests which have been heavily worked, and to the replacement by good teak of the stunted teak and inferior descriptions of forest trees growing in them, and also to the development of the minor forest products which have not hitherto received sufficient attention. The fire-protection of these forests requires immediate attention. The Metikoppa, Begur and Ainur-Marigudi forests having had fire-lines cleared in previous years and being partially protected, Mr. Russell should at once take steps to reclear them more completely and ensure their complete protection. The Kurubars residing in these forests should be held liable for their fire protection and may be promised an annual reward in the event of the successful protection of the forests. The remaining forests should be taken up in the next year for the clearing of the fire-lines. The clearing operations should be conducted in November and promptly completed by the end of December to avoid the burning of the fire-lines setting fire to the forests. An early and detailed report should be submitted on the measures taken in respect of all the above points, and also on the condition of the teak plantations and on the resources of the forests in minor forest products and the best mode of improving them.

3. Mr. Russell will also have charge of the supply of teak sleepers for the Tumkúr Railway which are to be felled and supplied from the above State forests. The larger timber cut in these forests as well as the timber intended for the sleeper supply need alone be sent down to the Depôt at Mysore. The smaller timber as well as the bamboos cleared in the forests from time to time may be brought down to the nearest stations on the road and sold there in convenient quantities by auction on fixed dates once in three months, giving due notice to all the merchants in Mysore as well as to villagers in the neighbourhood and seeing that the prices do not fall below a pre-arranged minimum. These arrangements will sufficiently meet the requirements of the villagers in the neighbourhood, and there will be no occasion hereafter for the Timber Depôt establishments at Antarsante and Hangala and Maddur; but they will be retained for the present on account of the large quantities of timber felled and stocked there for the supply of sleepers, the carting of which to Mysore would occupy time.

4. The conservancy of the District forests which has never been attempted requires to be carefully arranged in view to secure a greater revenue from timber, bamboos and fuel and minor jungle products. Watchers are provided for all the forests of any importance, and the taluk and village officers should be looked to for the conservancy of the remainder. The Deputy Commissioner should issue the necessary instructions to the above officers on the subject. The conservancy of these forests can never be effectually carried out so long as private men are allowed to fell in these forests, but the existing arrangements need not be disturbed pending separate instructions to be hereafter issued on the subject after the revision of the Forest Rules.

5. In the management of the Sandal Department the Assistant Conservator's attention should be specially given to the conservancy of Sandal Preserves and to the extension of sandal growth. The large quantity of sandal now annually collected and sold is obtained entirely from the dead and dying trees and their roots, but when this resource is hereafter exhausted and when we have to depend upon green mature

trees for our supply, the greatest care will be required in the selection of the trees to be cut. Ripe trees leaving a sufficient number of seed bearers should alone be cut, and even these only in such restricted quantities with reference to available resources as to keep up the annual supply of the wood to the market, and attention has also to be given to conserve the young plants growing about the cut trees, whether from seeds or from their rootlets. Regular plantations have as yet been attended with so little success that we have to depend very much on this spontaneous growth about old trees, whether in private lands or in waste lands favorably situated as regards soil, moisture and shade. The Assistant Conservator should visit all the places where sandal is growing in his District and make a regular record of them, and the Deputy Commissioner should issue instructions to the village and taluk officers for their careful preservation and for not giving out for cultivation lands on which sandal may be growing to any extent. The account prepared some years ago of sandal trees may be of use to the Assistant Conservator in preparing a fresh register of the kind and, when this is done, he may be in a position to submit a detailed report on the sandal resources of the District, distinguishing those available in the village lands and those in the District forests.

6. The question of encouraging village officers and owners of private lands to interest themselves in the growth of sandal on their lands by giving them some remuneration for the sandal supplied by them is important and will be hereafter taken into consideration.

7. The best and most successful mode of promoting the growth of sandal in plantations yet remains to be determined. The pot-tile system of raising nurseries and planting out the seedlings in pits of 2 feet cube are believed to secure the largest percentage of successful plants in the first year by protecting the roots from destruction in the process of transplanting, and where pot-tiles are not available, the leaves of the aloe plant may serve the purpose. But the aftergrowth of the seedlings is so much dependent on shade and good soil, that plantations in the open, even where they succeed in the first year or two, cannot be relied upon with certainty. The growth of grass in the open also proves obstructive to the growth of the plants and exposes them to fire. Plants sown amongst bushes and scrub jungles have hitherto thrived the best in consequence of the superiority of the soil found around the roots of trees and the shelter from sun and protection from growth of grass afforded by the bushes and trees. This point therefore has also to be borne in mind in future sowings. If the places where the seeds are to be sown are properly selected with reference to the above considerations, very little cost need be incurred. The growth in fact depends so much upon natural advantages that the expenditure of money in forming regular sandal plantations would be a mere waste. The subject requires close and continued attention on the part of the Forest officer to lay down definitely the conditions of successful growth.

8. The system of felling sandal by contract which led to indiscriminate cutting has been properly given up in this District, and sandal is now collected at cheaper cost through the agency of Temporary Monegars employed as noted in the margin and of village officers. The establishment however seems unnecessarily large. Where Foresters and Watchers are in charge of individual District forests, the sandal in such forests should be cut through their agency, and for the collection of sandal growing in village lands, a couple of Monegars may be permanently entertained on the Forest establishment and they may take up the work Taluk by Taluk. The Assistant Conservator should therefore arrange to reduce the Monegars' establishment gradually to this limit. As regards any sandal growing in the State forests, the Officer in charge should arrange for felling the dead and ripe trees with their roots and sending the same to the kotis in charge of the Assistant Conservator.

9. The two Sandal Kotis at Seringapatam and Hunsúr may continue for the esent as there is not sufficient accommodation in the Koti at Seringapatam for ɔring the sandal of the entire District, and as the sandal would require to be brought ɔm long distances in the Periyapatna, Heggaddevankote and Yedatore Taluks.

10. In the matter of the supply of fuel to the Railway at Mysore, the Assistant ɔnservator's attention should be given to reducing the cost of cartage which is at esent so high as to make the cost of the fuel to the Government greater than the price ıarged to the Railway and without any seigniorage. The forests from which the el is to be supplied should be marked out and strictly conserved and worked by ıns, so as to allow of the regrowth of the trees. By employing the neighbouring llagers and their carts when they are not engaged in field work, cheaper rates ıght to be secured.

PART I.

GENERAL.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 16th October 1882.

READ—

Letter No. 293 of the 31st August 1882 from the Deputy Commissioner of Kadur, reporting on the adjustment of Taluk and District boundaries of the Kadur District.

Memo of Villages to be transferred from one Taluk to another consequent on the proposed modifications of the boundaries of the Taluks in the Kadur District.

Tarikere Taluk.

A. I entirely concur with the Deputy Commissioner of Shimoga in the proposal to transfer the villages of the Ubrani hobli in the north of the Tarikere Taluk to Channagiri from which they are only from 6 to 12 miles distant, their distance from present Head-quarters being from 12 to 25 miles.

B. I would propose to transfer 20 villages lying to the east of the Taluk to Hosdurga, their distance from Hosdurga being 10 to 14 miles, from *Holalkere 17 to 21 miles and from Tarikere 22 to 28 miles.

Banavar Taluk.

C. A strip of country to the east of the taluk including Kankatte, Banavar, &c. to be transferred to the Haranhalli Taluk as being nearer to the newly made Head-quarters at Arsikere, the distance from Arsikere being 5 to 12 miles and from Kadur 20 miles.

D. The group of villages around Jamgal is to be added to Belur to which they are near distance from Belur, about 16 to 20 miles by *road*. Distance from Kadur about 20 to 24 miles.

E. The 4 villages to the north of the stream Vedavati to be transferred to Hosdurga whence they are from 8 to 15 miles, whilst from Kadur they are 18 to 25 miles and from Holalkere, the proposed Head-quarters of the Hosdurga Taluk, 25 to 32 miles.

Chikmagalur Taluk.

F. The villages comprised in this group are to be transferred to Belur to which they are nearer in distance, in order that the Kudlur channel with the villages attached to it may be in one taluk. Distance from Belur 3 to 6 miles and from Chikmagalur 8 to 11 miles.

G. The villages of the Advalli magani to the west of the river Bhadra are to be transferred to the Koppa Taluk. Distance from Chikmagalur 22 to 34 miles and from Koppa 14 to 26 miles.

H. Sakrepatna and the adjoining villages together with the Aiyankere tank to be transferred to Kadur. Distance from Kadur 10 to 13 miles and from Chikmagalur 13 to 16 miles.

Múdgere Taluk.

I. The villages of Aldur magani should be transferred to the Chikmagalur Taluk, although the change will not be a gain to the villagers in point of distance, yet they are desirous of it. The Chikmagalur Taluk officials who have to travel frequently to Kandya and back would be much inconvenienced by not having Aldur which is situated midway attached to their taluk.

J. The villages comprised in this group to be transferred to Belur to which they were attached prior to the formation of the Múdgere Taluk. Distance from Belur 4½ to 12 miles and from Múdgere 8½ to 16 miles.

K. The villages comprised in this tract are recommended to be transferred from Manjarabad to Múdgere at the earnest request of Mr. R. C. Sanderson. This transfer has formed the subject of correspondence between this Office and the Superintendent of Survey for some time past (a copy thereof is enclosed for information). Distance from Múdgere 5 to 12 miles and from Saklespur 15 to 22 miles.

Lakvalli Taluk.

L. The strip to the north of the river Bhadra to be transferred to the Shimoga Taluk from which they are from 15 to 23 miles distant, whilst from Koppa they are from 22 to 30 miles distant.

* The proposed Head-quarters of the Hosdurga Taluk.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 16th October 1882.

M. The villages to the east of Bhadra to be transferred to Tarikere. The village of Danda bittahara and the coffee estates attached to it are comprised in this group as the ryots and coolies get their supplies from the Tarikere market and coffee is exported from that place.

N. This group forms what is called the Jagar valley inclusive of Sirvase, &c. It is proposed to add it to Chikmagalur. Most of the planters there live in the town of Chikmagalur, while some draw their supplies from here. Distance from Chikmagalur 10 to 28 miles and from Koppa 15 to 33 miles.

O. The rest of the present Lakvalli Taluk including the Head-quarters of Yedahalli to the west of Bhadra to be attached to Koppa.

CAMP No. 7 A, DATED MYSORE, 16TH OCTOBER 1882.

ORDER THEREON.—In this District the separate Taluk of Lakvalli will be abolished and absorbed in the 4 neighbouring Taluks of Shimoga, Koppa, Tarikere and Chikmagalur as explained further on. The Munsiff's Court at Kadur will be transferred to Yedahalli having jurisdiction over the Koppa and Tarikere Taluks as newly formed, and the Taluk Cutcherry of the Banavar Taluk will be transferred to Kadur, the Taluk being hereafter called the Kadur Taluk.

A. 2. The proposed transfer of 51 villages of the Ubrani hobli from the Tarikere to the Channagiri Taluk in which the Deputy Commissioners of both the Kadur and Shimoga Districts concur, is sanctioned.

B. 3. With regard to the proposed transfer of 20 villages at the east end of the Tarikere Taluk to the new Holalkere Taluk, their connection with an important station like Tarikere, and one too to which Railway facilities may hereafter be extended, may be preferred by the villagers to their addition to a remote Taluk kasaba like Holalkere, although the latter is somewhat nearer to them. The position of any hills which may intervene between these villages and the Hosdurga Taluk has also to be taken into consideration. The Deputy Commissioner is therefore requested to consult the wishes of the villagers and carry out the transfer only if agreeable to them.

C. 4. The transfer of the southern portion of the Banavar Taluk, including Banavar, to the Arsikere Taluk, is sanctioned. It is however understood from the Deputy Commissioner of Hassan that in the arrangement proposed certain Shanbhogs' charges will be split up. This should be avoided if the villages of the Shanbhog's charge adjoin each other and arrangement should be made in communication with the Deputy Commissioner of Hassan for the transfer of the entire Shanbhog's charge in each case where the villages adjoin.

D. 5. The group of villages about Jamgal will also be more conveniently transferred to the Arsikere Taluk which will have the advantages of the Railway than to a corner Taluk like Belur. Perhaps there may be a village or two of this group about Dodgutta which may require to be added to Belur to make the boundary of that Taluk straight.

E. 6. The four north-eastern villages of the Banavar Taluk, on the north of the Vedavati river, proposed to be transferred to Holalkere, will better remain in the Kadur Taluk, especially as the new kasaba at Kadur will be much nearer to them than Holalkere.

In order to reduce the size of the Tarikere Taluk which will receive a large addition on the Lakvalli side, it may be arranged to transfer all the villages of that Taluk situated to the east and south of the road leading from Birur to Ajjampur and thence to Hosdurga to the Kadur Taluk. In making the transfer, of course the villages immediately adjoining the road on the other side should also be included and any further villages which may be necessary to avoid the splitting up of small Shanbhogs' charges.

7. The transfer of the villages proposed in this list from Chikmagalur to Belur is sanctioned. Considering the very large area of the Chikmagalur Taluk, it will be worth consideration whether all the villages in that Taluk up to Magadi on the road from Belur to Chikmagalur from whence a minor road to Jamgal branches off and from Magadi within a line to the south-west corner of Sakrepatna group of villages may not also be transferred to Belur in order to make that extremely small Taluk a little more respectable in size whilst affording a necessary relief to the Chikmagalur Taluk. The rule about not splitting up small Shanbhog's charges should be adhered to.

F.

8. The proposed transfer from Chikmagalur of the villages of the Advalli magani to the west of the river Bhadra in List G to the Koppa Taluk, and of the villages about Sakrepatna inclusive of the Aiyankere Tank in List H to the Kadur Taluk, is sanctioned.

G & H.

9. From the Múdgere Taluk the villages of the Aldur magani in List I will be added to Chikmagalur and those about Melpal in List J to the Belur Taluk. It will be a question for consideration whether the small Taluk of Múdgere further reduced as above should not be converted into a Deputy Amildar's charge, the villages on the other side of the Bhadra being added to Koppa; but the necessity for retaining a Treasury at Múdgere for the convenience of the planters would require the Taluk being kept up though with a reduced scale of clerical and other establishments.

I & J.

10. The transfer from Manjarabad to Múdgere of the villages in List K, which are much nearer to the latter than Saklespur, is sanctioned.

K.

11. Of the abolished Taluk of Lakvalli, the villages on the north of the Bhadra in List L may be added on to the Shimoga Taluk, those in List M to the east of the Bhadra to the Tarikere Taluk, those in List O to the west of the Bhadra to Koppa, and those in List N consisting of the Jagar valley to Chikmagalur.

L, M, N & O.

12. These transfers should at once be carried out by the Deputy Commissioner in communication with the Survey Superintendent and the other Deputy Commissioners concerned, the list of villages being revised where found necessary to avoid the splitting up of small Shanbhogs' charges, and a complete and accurate villagevar list of the several transfers made should be submitted not later than the 10th November for publication in the Gazette in order to facilitate the amalgamation of the Districts which is now under contemplation.

13. Measures should be taken for the removal of the Head-quarters of the Koppa Taluk to Koppa, and the kasaba of the Kadur Taluk may be transferred to Kadur as soon as the Munsiff's Court there is removed to Yedahalli. A first class Police Station should be maintained at Yedahalli and also on the Agumbe road on the other side of the Tungabhadra river.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 16th October 1882.

READ—

Letter No. 2 (Camp) of the 27th September 1882 from the Deputy Commissioner of the Hassan District reporting on the adjustment of Taluk and District boundaries.

CAMP No. 8, DATED MYSORE, 16TH OCTOBER 1882.

ORDER THEREON.—Orders have already been passed in Proceedings, (Camp) No. 7 A, dated 16th October 1882, in respect of the transfer of certain villages from the Manjarabad Taluk to Múdgere and from Múdgere and Chikmagalur to Belur and from Banavar to Arsikere.

2. With regard to the remaining transfers of villages proposed, they are so materially affected by certain considerations which were not before the Deputy Commissioner when he was arranging them that his proposals on the subject are in need of revision. In the first place, it is in contemplation to transfer the northern half of the Hassan District comprising the Manjarabad, Hassan, Belur and Arsikere Taluks to the Kadur District, and as it is not intended to abolish the Belur Taluk, it requires to be enlarged rather than curtailed. The kasba of the amalgamated Narsipur and Arkalgúd Taluks should be fixed at an important station near the frontier like Arkalgúd in preference to Narsipur which will continue to be the seat of the Munsiff's Court. Instead, therefore, of any transfers of villages from Belur to Manjarabad and Hassan which are already very large taluks, to secure a straight boundary, the same object may be better attained by taking more villages from Manjarabad and Hassan to Belur at the several points where the latter taluk already projects into the former, except where there are strong objections to the measure on the score of coffee interests.

3. The proposed transfer of a few villages from Múdgere to Manjarabad has not been recommended by the Deputy Commissioner of Kadur. The Deputy Commissioner of Hassan should therefore report further on the subject with revised proposals if necessary.

4. The villages proposed to be transferred from Hassan to Manjarabad are not clearly shown on the map. The necessity for this transfer should be explained.

5. As Arkalgúd will be the kasba of the taluk, the occasion for any transfer of its villages to Hassan which is already a large taluk, save perhaps in exceptional cases, ceases to exist, and as Narsipur is not to be the kasba, any transfer of villages from Yedatore to the amalgamated taluk seems likewise undesirable, as the ryots of the villages under notice would prefer to go to Yedatore or Hampapur, if that should become the kasba hereafter, rather than to Arkalgúd; whilst as regards the villages to be transferred from Arkalgúd to Yedatore, they will comprise all villages to the south of the Cauvery as well as such villages to the north of the river as are irrigated by the Cauvery channels or immediately adjoin such villages.

6. For the same reason, all the villages up to the Hemavati between Channaraypatna and Attikuppa may be transferred from Narsipur to the above taluks to such extent as is unobjectionable, and Hassan may take in rather than give up the villages at the corners between Narsipur and Hassan, and a few villages in the south-eastern corner of Hassan may perhaps go to Channaraypatna. The revised proposals on these several points should be accompanied with the necessary explanation in each case.

7. The proposed transfer of a few villages from Hassan and Channaraypatna to Arsikere requires explanation.

8. The rectification of boundaries between Channaraypatna and Nagamangala and Channaraypatna and Attikuppa, and Attikuppa and Nagamangala seems unobjectionable.

9. The proposed transfer of villages from Kadaba to Nagamangala and Channaraypatna, and of 2 villages from Honnavalli to Channaraypatna, which is stated to be concurred in by the Deputy Commissioner of Tumkúr, may be carried out, but the transfer of a few villages of the Basral hobli from Mandya, which has the advantage of the Railway, to a corner kasba like Nagamangala seems to be of doubtful expedi

ency, especially as the Mandya Taluk cannot be considered to be unwieldy though its kasba is situated at one end. The whole of the proposals should be revised with reference to the points above noticed and sent up again as early as practicable. To save time, the Deputy Commissioner may simultaneously send up lists of the proposed alterations to the Survey Superintendent also.

10. It is not expedient that the transfer of villages from Arkalgúd to Yedatore should be held in abeyance as it is on every account desirable that these alterations of the taluk boundaries should be carried out completely throughout the Province at once. Any difficulty to the survey operations may be obviated by the villages transferred to Yedatore being kept and dealt with separately in the Yedatore Taluk till the completion of the survey settlement.

From the Deputy Commissioner, Shimoga District, To the Secretary to the Dewan of Mysore, Revenue Department, No. 457—R. 317, dated Shimoga, 7th August 1882.

With reference to D. O. of the 1st instant calling for my opinion regarding the re-arrangement of Taluks, I have the honor to state that after carefully going through the propositions submitted by Mr. Narasimmaiengar in this office letter No. 632, dated 31st January 1880, I consider that it would be quite sufficient if the following changes are made in connection with this District:—

1. The transfer of Chordi, Kumsi and Haranhalli Maganis of the Honnali Taluk comprising 66 villages in all to the Shimoga Taluk.
2. The re-transfer of the Head-quarters of the Honnali Taluk to Honnali, and the transfer to this taluk of the Malebennur hobli of the Davangere Taluk consisting of 49 villages, and of the Kundur Magani of the Channagiri Taluk consisting of 15 villages, or 64 villages in all.
3. The transfer to the Channagiri Taluk of the Ubrani hobli consisting of the maganis of Malahál, Ubrani, Tavarekere and Durvigere of the Tarikere Taluk having 38 villages in all. The Ubrani hobli is nearer to Channagiri than to Tarikere. Besides, this District which has the services of an Assistant Conservator can better manage the Ubrani Forests along with the Kallapur Forest of the Shimoga Taluk and the Kuknád Ammaiyan Forest of Channagiri; both of which adjoin the Ubrani Forests.

2. I consider the question of appointing a Deputy Amildar may be taken into consideration at a future time, as I think that, notwithstanding the above additions to the Shimoga Taluk, there is immediately no necessity for this addition to the taluk staff.

3. A list of the villages of the several maganis to be transferred is enclosed.

From the Deputy Commissioner, Shimoga District, To the Secretary to the Dewan of Mysore, Revenue Department, No. 686—R. 475, dated Shimoga, 9th October 1882.

With reference to Proceedings No. 3832—97, dated 23rd August last, regarding the reorganization of Taluks, I have the honor to state that the Deputy Commissioner of Kadur has expressed his approval of the transfer of the Ubrani hobli to Channagiri.

2. As regards the villages to be transferred from Davangere to Honnali, the Deputy Commissioner of Chitaldroog was of opinion that not only the 49 villages mentioned in the enclosed List A which are the same as mentioned in the list sent with my letter No. 457—317, dated 7th August last, omitting Devarbalkere which is far away and including Ukkadagatri which had been omitted, but also the marginally noted five villages of the Harihar hobli may be transferred to Honnali, as the latter villages are on this side of the Sulikerehalla which joins the Tungabhadra near Harihar. But as these villages are within 3 or 4 miles of Harihar, I did not consider it desirable to extend the Honnali Taluk so far. From information subsequently obtained from the Deputy Commissioner of Chitaldroog it also appeared that out of the 49 villages mentioned in the List A, 34 belong to the Malebennur hobli and 15 to the Harihar hobli, and that the transfer of only 34 villages of Malebennur would not only make the boundary very irregular, but also necessitate a re-arrangement of several Shanbhogi charges. To avoid this and in order nearly to equalize the relative distance of the border villages to Honnali and Davanagere, Mr. Abdul Khader and myself have ultimately

*Nagenhalli.
Rajenhalli.

Timlapura.
Halasuhalu.

come to the conclusion that it would be sufficient to transfer the 36 villages mentioned in the enclosed List B, to Honnali.

3. A tracing from the Davangere Taluk map is also enclosed. The big red line is the boundary between the Harihar and Malebennur hoblis and the blue line divides the 36 villages to be transferred to Honnali from the rest of the Davanagere Taluk.

CAMP No. 10, DATED MYSORE, 16TH OCTOBER 1882.

ORDER.—Orders having been issued in Proceedings No. 7 A, dated 16th October 1882, in respect of the transfer of the Ubrani hobli from Tarikere to Channagiri, the only other alterations in the Shimoga District which require orders are the proposed transfer of the 66 villages of the Choradi, Kumsi and Harnahalli maganis of the Honnali Taluk to the Shimoga Taluk and of 36 villages about Malebennur from Davangere and of 15 villages of the Kundur magani from Channagiri to the Honnali Taluk and the transfer of the kasba of the Honnali Taluk from Nyamti to Honnali. These proposals are generally approved and the Deputy Commissioner may carry them into effect in communication with the Survey Superintendent and the Deputy Commissioners concerned, and submit early a final correct villagevar list of the transfers made for publication in the Gazette. The villages should be individually examined with reference to their distances and any considerations of Shanbhogs' charges, and not be transferred simply by entire maganis. Where however a Shanbhogs' charge may in exceptional cases require to be subdivided to give a straight and good boundary, there is no objection to the same being carried out.

2. With reference to the remark of the Deputy Commissioner of Chitaldroog in regard to forming the Sulikerehalla as the boundary between the Davangere and Honnali Taluks, it must be remarked that there is no absolute necessity for this as the bridge over the nullah on the Harihar road would serve for the purpose of crossing it and it may be advantageous to have the villages on both sides of the nullah in the same Taluk for irrigation purposes. In the revised proposal now submitted by the Shimoga Deputy Commissioner the village of Nanditavri, No. 42, may require to be retained in Davangere to give a straight boundary. These various points should be carefully considered with reference to local requirements, before arriving at a final settlement.

It is important to have a Deputy Amildar combining the functions of the Amildar and the Police Inspector at Ainur and proposals on the subject giving a list of the villages which are to form his charge may be hereafter submitted without delaying the rectification of the Taluk boundaries.

3. It is in contemplation to transfer the Davangere Taluk to Shimoga and to abolish Chitaldroog as a separate District and to transfer the Munsiff's Court from Davangere to Honnali where it is believed that the Travellers' Bungalow will afford sufficient accommodation for the purpose.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, Order No. 3832—Cir: 97, dated 23rd August 1882.

In forwarding the accompanying copy of a letter from the Deputy Commissioner of Shimoga No. 457—317 of the 7th August 1882, the Deputy Commissioner of Chitaldroog is requested to report on the proposition for the transfer of the 49 villages of the Malebennur hobli to the Honnali Taluk, stating, if the transfer of the whole of the 49 villages were not required, what portion of them could be so transferred. He should also report without delay on the remaining alterations of Taluk and District boundaries required in his District, *viz.*:—

(1.) **The transfer of the southern maganis of the Davangere Taluk about Bharmasagar to the Chitaldroog Taluk.**

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 16th October 1882.

(2.) The abolition of the Budihal Taluk and its transfer to Chiknayakanhalli with a Peshkar at Huliyar.

(3.) The transfer of the Kasaba of Hosdurga Taluk to Holalkere, stationing a Peshkar at Hosdurga, in which case a number of villages in the south-western portion of Chitaldroog and the western portion of the Hiriyur Taluk could be transferred to the Hosdurga Taluk.

(4.) The Kankuppa Taluk which is very small may in this case perhaps be abolished and added to Chitaldroog, stationing a Peshkar at Jagalur and transferring a few villages in the west of the Taluk to Davangere. The necessity of a Treasury in a remote corner like Jagalur could then be avoided.

(5.) The transfer of the Pavagada Taluk which has trade facilities with Tumkúr to that District, any remote villages in the western end of the taluk which are near Dodéri being added to that Taluk.

2. The Deputy Commissioner of Kadur should, along with the other modification of Taluks now under his consideration, report on the proposed transfer of the 38 villages of the Ubrani hobli or any portion of it from Tarikere to Channagiri, stating whether it would be convenient and agreeable to the villagers concerned. This and the transfer to Kadur of the south-eastern portion of the Taluk about Ajjampur may facilitate the proposed abolition of the Lakvalli Taluk and the transfer of all the villages east of the Bhadra to the Tarikere Taluk.

3. The Deputy Commissioner of Tumkúr should also report on the alterations of the boundaries of Taluks required in his District including the transfers of the Budihal and Pavagada Taluks above referred to. Amongst others the following should be considered by him :—

(1.) The transfer from the Chiknayakanhalli Taluk, which will be enlarged northwards, of all the villages to the south of the Tumkúr-Tiptur road and those immediately on the north of the road to the Tiptur and Gubbi Taluks.

(2.) The transfer from the Gubbi Taluk of the villages in the south-east of the Taluk about Hebbur to Tumkúr Taluk, and the villages in the south-west to Channarayapatna and in the west about Turuvekere to Tiptur Taluk together with all the villages of the Chiknayakanhalli Taluk to the west of the road from Turuvekere to Kibbanhalli.

(3.) Some transfer of the villages in the north-western corner of Tumkúr about the Nittur-Sira road to the Gubbi and other neighbouring Taluks.

(4.) The transfer of a few villages in the south-west of Kunigal Taluk to Mandya or Nagamangala, and the transfer of the Taluk itself to Bangalore District.

(5.) The breaking up of the Koratagere Taluk transferring its villages to Goribidnur, Maddagiri, Sira and Tumkúr and a few villages perhaps to Nelamangala and Dodballapur.

(6.) The transfer of any villages in the eastern part of Maddagiri to Goribidnur.

(7.) The transfer of the reorganized Goribidnur Taluk to the Tumkúr District.

4. The Deputy Commissioners of Kolar and Hassan should also, without delay, report the alterations required in the Taluks in their Districts with reference to the demi-officials addressed to them and the Deputy Commissioners of Bangalore and Mysore should make similar reports for their Districts. A few villages from the Anekal Taluk and in the Hoskote and Devanhalli Taluks may require to be transferred to the Malur and other Taluks of Kolar. These the Deputy Commissioner of Kolar may perhaps best discuss with the Deputy Commissioner of Bangalore and the Dewan at Bangalore.

The Bangalore Taluk may take in the villages about Kaglipur, also all the villages about the Railway up to Bidadi and about Tavarekere of the Magadi Taluk, giving up the northern portion of the Taluk about Yelahanka to Devanhalli.

5. The Deputy Commissioners concerned should arrange to meet each other to discuss on the spot the exchanges required between their respective Districts. As it is important that these alterations should be finally carried out at once, no time should be lost in submitting the reports above called for. A detailed list of the villages proposed to be transferred with their distances to the kasaba to which they are to be transferred should, be submitted in every case.

To—The Deputy Commissioners of Districts.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 16th October 1882.

From the Deputy Commissioner, Chitaldroog District, To the Secretary to the Dewan of Mysore, Revenue Department, No. 326, dated 11th September 1882.

With reference to the Dewan's Proceedings No. 3832—97, dated 23rd August 1882, anent the alterations of Taluk and District boundaries required in this District, I have the honor to submit herewith a list of the villages to be transferred from one Taluk to another, with their respective distance from the Head-quarters of the Taluk to which they are to be transferred.

2. You will observe from the list that 54 villages belonging to Malebennur and Harihar hoblis in the Davangere Taluk, have been put down to be transferred to Honnali Taluk, Shimoga District. I have done this to have the Sulikerehalla as the western boundary of Davangere Taluk, and to avoid inconvenience to ryots in crossing the halla when it is not quite fordable. Another 28 villages have been transferred from the eastern portion of Bharmasagar hobli of this Taluk to Chitaldroog and 35 villages have been added to the Davangere Taluk from Bilchod hobli, Kankuppa Taluk; thus making the Taluk of 270 villages against 317 as at present.

3. From Chitaldroog Taluk * 28 villages of the Chitrahalli and Talya hoblis have been transferred to Hosdurga Taluk, and 3 villages in the Siddavvanhalli hobli, north-east of Chitaldroog to Dodéri Taluk, and the remaining portion of the Kankuppa Taluk consisting of 134 villages has been added to it making the Chitaldroog Taluk of 329 villages, against 214 as at present. The abolishing of the Kankuppa Taluk, and the stationing of a Peshkar at Jagalur, with the present Police Establishment, will in my opinion, answer the requirements of the place.

(*442 *Vide* list.)

4. From Hiriyur Taluk 36 villages of the western portion of Mattod hobli have been transferred to Hosdurga Taluk leaving Hiriyur 190 villages against 226 as at present. Although the number of villages is small, yet the area is large, the villages being scattered at a great distance from one another.

5. To Hosdurga Taluk as stated above 80 villages have been added from the Taluks of Hiriyur and Chitaldroog, and 24 from Tarikere and Banavar Taluks in the Kadur District, making in all 339 villages against 235 as at present. The villages in this Taluk being rather close to one another, the large number of villages will cause no inconvenience more particularly as the Amildar will be assisted by a Peshkar.

6. To Dodéri Taluk have been added 9 villages from Nidagal hobli of Pavagada Taluk and 3 from Siddavvanhalli hobli, Chitaldroog Taluk; thus making the Taluk of 259 villages against 247 as at present.

7. I have met and consulted with the Deputy Commissioner of Tumkúr and I consider that the transfer of the Pavagada Taluk to Tumkúr District, except the 9 villages transferred from it to Dodéri Taluk, and the abolition of the Budihal Taluk and its transfer to Chiknayakanhalli, with a Peshkar at Huliyar, can be carried out advantageously. I likewise consider making Holalkere the Amildar's Station, and Hosdurga that of a Peshkar, in the Hosdurga Taluk, to be what is very much required; the Taluk will then have better supervision.

8. In conclusion I would beg to urge upon the desirability of allowing a Peshkar to Dodéri Taluk to be posted at Hangal, and not at Molkalmuru which is in a corner, while Hangal is on the high road, and at a short distance from Molkalmuru.

CAMP No. 11, DATED MYSORE, 16TH OCTOBER 1882.

ORDER.—The Taluk of Pavagada will be transferred to the Tumkúr District and the Taluk of Budihal also will be transferred and added to the Chiknayakanhalli Taluk, a Deputy Amildar being stationed at Huliyar.

2. The Taluk of Kankuppa will be abolished and added mostly to Chitaldroog with a Deputy Amildar at Jagalur.

3. Orders have been already passed in Proceedings Nos. 7 A and 10, dated 16th instant, in regard to the transfer of the Malebennur group of villages from Davangere to the Honnali Taluk, and in respect of the transfer of some villages from Tarikere and Kadur to the Hosdurga Taluk. The remaining transfers of villages proposed by the Deputy Commissioner as noted below may be carried into effect in communication with the Survey Superintendent and the Deputy Commissioners concerned, subject to the observations made hereafter. The Deputy Commissioner

should submit not later than 10th November a complete villagevar list of the transfers made for publication in the Gazette. It is hoped that the desirability of avoiding the splitting up of small Shanbhogs' charges has been taken into consideration in the proposals made; otherwise they may be revised where required before submitting the final list for publication.

(1). Thirty-five villages from Bilchod hobli of the Kankuppa Taluk to Davangere, and the remainder of that Taluk with 28 villages of the Bharmasagara hobli of the Davangere Taluk to the Chitaldroog Taluk.

(2). Forty-four villages of the Chitrahalli and Talya hoblis of the Chitaldroog Taluk and 36 villages of Mattod hobli of the Hiriyur Taluk to the Hosdurga Taluk.

(3). Nine villages from the Nidagal hobli of Pavagada and 3 villages from the Siddavanhalli hobli of Chitaldroog to Dodéri Taluk.

4. With regard to No. (1) above it is remarked that the villages proposed to be taken from Kankuppa to Davangere reach up to the road from Chitaldroog to Jagalur, and yet a number of villages to the north of Bilchod situated beyond the hills in the west and north-west of Kankuppa, which would have been also in that case better added to Davangere, are left out. A great many of the villages proposed to be transferred and situated on and near the Jagalur road will be better managed by the Deputy Amildar at Jagalur. Unless therefore all the villages to the west of the Jagalur road and the hills to the west and north-west of Kankuppa up to the northernmost limit are to be added to Davangere, it may be preferable to add to the Chitaldroog Taluk the whole of the Kankuppa Taluk excepting perhaps a few villages about Bilchod and have it managed by the Deputy Amildar, and in this case all the villages of the Davangere Taluk situated below and above Bharmasagar and Erasamudra tanks up to the small range of hills beyond Bharmasagar may be transferred from Davangere to Chitaldroog, and this will be especially desirable as the Davangere Taluk is to be transferred to the Shimoga District. If thought proper Davangere may keep the villages about Malebennur instead of transferring them to Honnali, giving up to Chitaldroog all the villages up to the range of hills which intercept the road beyond Bharmasagar tank proceeding from Chitaldroog. In order to avoid the Chitaldroog Taluk becoming too large by this arrangement, all the southern portion of it up to and beyond a line from Horakere Devarapur up to Tekalvalli and Kolal, in fact up to the cluster of hills to the south of Chitaldroog in that direction, may be conveniently transferred to the Holalkere Taluk except perhaps any few villages at the eastern end which can be conveniently added on to Hiriyur. In considering these points it will not suffice to have regard to mere distance. Convenience of roads and trade relations and intervention of hills which render access difficult, common sources of irrigation, and convenience of Shanbhogs' charges should all be considered. The Deputy Commissioner is requested to take the above suggestions into consideration and, if deemed suitable, to revise his proposals accordingly.

5. The transfer of the Hosdurga Taluk Kasaba from Hosdurga to Holalkere calling the Taluk in future "Holalkere Taluk" with a Deputy Amildar at Hosdurga, and the placing of another Deputy Amildar at Hangal in the northern part of the Dodéri Taluk are also sanctioned. The Deputy Amildars combining the functions of the Amildar and the Police Inspector, no separate Police Inspector will be required at these stations, but a sufficient Police Force with a Jamedar or Daffedar should be provided. Proposals in regard to the disposal of the establishments of the abolished Taluks and the establishments required for the Deputy Amildar's stations should be submitted.

R. VIJAYINDRARAO,
Secretary.

To—The Deputy Commissioners of Chitaldroog and Tumkúr.
The Survey Superintendent.
The Deputy Commissioner, Shimoga, with reference to the remarks in regard to the Malebennur group of villages.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 17th October 1882.

From the Deputy Commissioner, Tumkúr District, To the Secretary to the Dewan of Mysore, Revenue Department, No. 322, dated Tumkúr, 28th September 1882.

I have the honor to acknowledge the receipt of the Dewan's Proceedings No. 3832—97 of the 23rd ultimo on the subject of re-arrangement of Taluks, and with reference thereto submit the following report.

2. As directed in para 5 of the Proceedings alluded to, I met the Deputy Commissioners of Chitaldroog, Kolar, Bangalore and Hassan Districts to discuss the matter, and with their concurrence propose the following alterations in the boundaries of the Taluks having regard, of course, to the convenience and efficient management of the charges by the respective Amildars.

3. The whole Pavagada Taluk with the exception of the following nine villages in the Chitaldroog District may be transferred to Tumkúr.

Pavagada Taluk.

1, Gauripur, 2. Dodda Chelur, 3. Vobenahalli, 4. Chik Chelur, 5. Kedihude, 6. Mahadevapur, 7. Siddesvaranadurga, 8. Kyadigunte, and 9. Pillenahalli in the Nidgal sammat on the western corner of Pavagada may be made over to Dodéri to which they are near.

4. The whole Budihal Taluk in the Chitaldroog District with its Head-quarters at Huliyar may be conveniently transferred to Chiknayakanhalli, but the Budihal sammat being situated on the north-west corner of the Taluk about thirty-five miles from Chiknayakanhalli, a Sub-Magistrate or Deputy Amildar will have to be placed at Huliyar. This can be avoided if the whole of the Budihal sammat be transferred to Hosdurga, which is at a shorter distance on its north-west ; but this cannot be done, if the Head-quarters of Hosdurga be removed to Holalkere, as observed in para 3 of the Proceedings.

Budihal Taluk.

5. Turning to the changes in the Taluks of this District, I take Maddagiri first. The boundaries of this Taluk on the north-east are irregular but it cannot be avoided as they are bordering on Bellary, Her Majesty's Territories. The frontier villages in this part of the country being too far to Maddagiri to enable the Amildar thereof to have an efficient supervision over them, their transfer to the nearest Taluk at Goribidnur seems to be advisable. With this view, I beg to propose that Chundendur and 18 other villages containing a population of 6,304 souls and yielding a revenue of Rs. 13,608—15—1 attached to the Hampasandra sammat in the Maddagiri Taluk may be transferred to Goribidnur. This transfer of villages does not in any way reduce either the size or revenue of Maddagiri, as its boundary will be enlarged on the south by adding to it on the south and south-east 241 villages from the Koratagere Taluk with a revenue of Rs. 39,447—9—6 and population 22,060.

Maddagiri Taluk.

6. The shape of the Koratagere Taluk, which is ordered to be abolished in consequence of its being small in size, may be absorbed into the adjacent six Taluks, Tumkúr, Maddagiri, Goribidnur, Dodballapur, Nelamangala and Sira. The distribution of its 463 villages among the seven sammats which form the Koratagere Taluk, being very unequal, none of these sammats can entirely be transferred to any of the Taluks. The following proposals have, therefore, been made having regard to the convenience and relative distances from each village to the nearest Head-quarters of the Taluks, and the facilities of communication and conveyance, &c., between them.

Koratagere Taluk.

7. The 86 villages which form part of Totalkere and five other sammats containing a population of 7,618 souls and yielding a revenue of Rs. 13,864, on the south and south-east of Koratagere being near to Tumkúr may be transferred to this Taluk. The 241 villages belonging to the sammats of Channarayadurga and Koratagere, &c., with a population 22,060 and revenue Rs. 39,447—9—6 on the north and east of Koratagere being near to Maddagiri may be made over to that Taluk as already mentioned. The 33 villages of the Tovinkere sammat on the west of Koratagere (population 2,678 and revenue Rs. 5,766—3—8) on the borders of the Tumkúr-Chitaldroog high road may be added to the Sira Taluk to which they are near. The 24 villages in the Taridal and Holavanahalli sammats on the eastern corner of Koratagere (population 3,203 and revenue Rs. 5,266—14—4) being near to Goribidnur may be added to this Taluk. Sixty-six villages in the Taridal and Kolala sammats (population 7,180 and revenue Rs. 9,267—1—4) on the south-east of Koratagere containing the Ujjani and Makali forest tracts now under the management of the Bangalore Forest Officers being near to Dodballapur may be made over to that Taluk. The total number of villages absorbed into the above mentioned five Taluks is 450 and adding to this the southern most part of the Kolala sammat consisting of thirteen villages

(population 679 and revenue Rs. 1,210) to be transferred to Nelamangala in consequence of their being at the boundaries and within the limits of that Taluk, exhausts the whole Koratagere Taluk.

Tumkúr Taluk.

8. This is the Head-quarter Taluk of this District and the boundaries thereof being as unequal as in other Taluks require alterations. The limit of the Gubbi Taluk has extended to within two miles from the Tumkúr Town on its south-west, and the north-west boundary of Tumkúr is about twenty-eight miles, which is too long to be managed by the Amildar efficiently. The following arrangements have therefore been proposed to remedy these defects.

9. The twenty-four villages of the Kadaba Taluk on the south-east of Gubbi and about Hebbur (population 3,043 and revenue Rs. 5,921) being near to Tumkúr may be transferred to this Taluk, making over to Gubbi 67 villages from the Chelur and Bellavi sammats, Tumkúr Taluk, on its north-west with population 8,257 and revenue Rs. 16,802—2—6. This transfer of villages extends the Tumkúr Taluk on its south-west as far as Halnur about seven miles, and avoids the bend of the Kadaba Taluk boundary on the east of Hebbur. The two small villages called Chigaranahalli and Gorvanahalli (population 46 and revenue Rs. 265—4—0) on the north-eastern corner of Tumkúr, being situated beyond the Devaraydurga hills and within the limits of Koratagere which is near to Maddagiri, may be transferred to the last mentioned Taluk, taking in as already observed the eighty-six villages from the Koratagere Taluk in order to make the boundaries of Tumkúr on its north and east straight and convenient. The strip on the extreme north-west corner of Tumkúr, which is projecting into the Sira Taluk, consists of eleven villages of the Ankasandra Firka on the Nittur-Sira road (population 754 and revenue Rs. 1,289—4—0), and these villages being near to Sira may be transferred to the Taluk of the same name.

10. A glance at the Topographical Map Sheet No. 37 will show that the eastern boundary of Tumkúr about the village of Kuruvelu on the Uradigere-Dobbspet road is very crooked, and in order to make it as far as straight, the fourteen villages yielding a revenue of Rs. 4,488 in the Nijagal sammat, Nelamangala Taluk, which happen to lie on the north side of a straight line drawn from the angle near Devarahosahalli to that on the north-east of Chikkannanahalli will have to be taken in. I have, therefore, included these fourteen villages within the limits of Tumkúr with the consent of Mr. Ricketts, showing the same in the accompanying list of distances marked **A**.

Kadaba Taluk.

11. This Taluk as reported by Mr. Seshadri Iyer in his letter No. 78 of the 18th August 1879 to the address of the Revenue Secretary is unduly large, and Gubbi, its Head-quarters on the Bangalore-Shimoga high road, is situated on the north-eastern corner of the Taluk. There is no doubt that Kadaba is centre and was the Head-quarters of the Taluk once, but as it was abandoned long time ago on account of its unhealthiness and being an insignificant village out of the way, it cannot compete in any other respects with Gubbi, a well known commercial town, where the Taluk Cutcherry exists at present. As this place is rising and becoming more and more important, retaining it as the Taluk Head-quarters and calling the same hereafter as Gubbi Taluk, is very desirable Enlarging the boundary of the Taluk on the west, north and east and giving away its southern most villages which are far away from Gubbi to the adjacent Taluks will make it somewhat centre. With this view the transfer to Gubbi of the sixty-seven villages from the Chelur and Bellavi sammats in Tumkúr on the north and the north-east of Gubbi, along with the 137 villages consisting of the whole Nittur sammat and portions of Kibbanhalli, Hagalvadi and Dandinsivara sammats, Chiknayakanhalli Taluk, on the west and north-west of Gubbi, is proposed. The boundaries of the Gubbi Taluk having thus been enlarged on all the three sides, its southern limits should be curtailed by transferring 136 villages situated on the south and south-west of Turuvekere and Mayasandra, which are extending towards Tiptur, Channarayapatna and Nagamangla to these Taluks as shown below.

12. All the south-western portions of Gubbi containing 72 villages attached to the Turuvekere and Dabbegatta sammats (population 9,350 and revenue Rs. 17,434), situated about the Turuvekere-Kibbanhalli road being near to Tiptur, may be transferred to the Honnavalli Taluk, making over the 41 villages about Dabbegatta (population 5,278 and revenue Rs. 9,519) on the borders of Channarayapatna to that Taluk and the 23 villages in the Mayasandra sammat to Nagamangala to which they are near.

Chiknayakanhalli Taluk.

13. Much inconvenience has been felt by the existing arrangement of attaching to Chiknayakanhalli the distant sammats, such as Nittur, Dandinsivara, and Kibbanhalli, through which the more frequented Bangalore-Shimoga high road passes. The Taluk Cutcherry being at Chiknayakanhalli, which is out of the way, the Amildar is unable to have an efficient supervision over this part of the country, where traffic is heavy and travellers' bungalows and musafarkhanas exist. If any crime such as robbery

occurs on the road, the travellers have to go to Chiknayakanhalli to lodge their complaint and thereby lose their business for 2 or 3 days. The limits of this Taluk being proposed to be enlarged on the north by adding to it the whole Budihal Taluk as already mentioned, the southern part of the taluk has been taken away with advantage. Besides the 137 villages of the Nittur and other sammats transferred to Gubbi, a portion of the Kibbanhalli and Dandinsivara sammats containing 32 villages bordering on the Tiptur-Gubbi high road and situated on the west and immediately on the Kibbanhalli-Turuvekere road may be made over to Tiptur Taluk to which they are near. These arrangements give to both the Amildars at Gubbi and Tiptur jurisdiction over the high road alluded to above, the former from the 50th mile stone near Mukanahallipatna to the village boundary mark beyond the 71st mile stone near Harenahalli, where the ranges of the Madanamadu and Hagalvadi hills meet, while the latter Amildar over the remaining part of the road above Harenahalli as far as Mailanahalli on the western boundary of the Tiptur Taluk near 97th mile stone.

Honnavalli Taluk.

14. Tiptur, Head-quarters of the Honnavalli Taluk, is very important in every respect. It may hereafter be called Tiptur Taluk. Being situated on the Bangalore-Shimoga high road where trade of all kinds is on a large scale, the opening of the Railway line will make the place more important. The size of the Tiptur Taluk having been enlarged on the east and south-east by adding to it 104 villages with a large revenue of Rs. 26,920—8—0 from both the Chiknayakanhalli and Kadaba Taluks, the northern strip of Honnavalli Taluk consisting of 30 villages, which form the Handaukere sammat (population 4,008 and revenue Rs. 9,216—8—0), is proposed to be made over to Chiknayakanhalli to which it is near, and the two villages called Gangaramale and Mallanahalli on the south of Nonavinkere to Channarayapatna, in order to avoid the curves in the boundaries of these Taluks.

Kunigal Taluk.

15. The southern portion of this Taluk, which is ordered to be transferred to Bangalore, is far away from the Amildar's Head-quarters. The whole Koppa sammat consisting of 28 villages and Kirangur and Halehalli in the Huliyurduga sammat may be transferred to Mandya, Mysore District, to which they are near.

16. From the foregoing it will be observed that in the present re-arrangement of Taluks I have touched almost all the boundaries which were irregular and inconveniently situated in the Taluks of this District, and that the Head-quarters of Amildars will, if these arrangements are carried out, become comparatively short in distance from the villages belonging to them respectively. The charges of Shanbhogs in the Tumkúr and Sira Taluks have been finally settled by the Survey Department, while those in the remaining 6 Taluks are not. In proposing the foregoing transfer of villages from one Taluk to another every care has been taken to avoid as far as possible all interference with the existing charges of Shanbhogs. However, splitting up up the charges in a very few cases is found unavoidable in consequence of several villages scattered over on different directions of the Taluk intervening its boundary being attached to one and the same Shanbhog. For reference, I beg to enclose herein a map showing the present and proposed boundaries of Taluks along with two Statements marked B and C, the former to show the distance of villages to the Taluk Head-quarters to which they are proposed to be transferred, their revenue and population; and the latter to explain in detail the marginally noted results of the re-arrangement of Taluks of this District. Extracts from the Statement B have been furnished to the Deputy Commissioners concerned.

Goribidnur Taluk.

17. This Taluk is at about 70 miles from Kolar to which it is attached, and Tumkúr being only 36 miles from Goribidnur, its transfer to the Tumkúr District will, I presume, be considered by the ryots of that Taluk a great relief.

18. In conclusion, I submit that on your communicating me the orders of the Dewan on these arrangements, I will take up the distribution of villages among the several Shekdars' charges and make a separate report thereon.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore (General,)—dated 17th October 1882.

CAMP No. 13, DATED MYSORE, 17TH OCTOBER 1882.

ORDER THEREON.—Orders have been issued in Proceedings No. 11, dated 16th instant, in regard to the transfer of the Pavagada Taluk with the exception of 9 villages and the whole of the Budihal Taluk to the Tumkúr District. It is not deemed expedient to transfer Goribidnur to Tumkúr, as if at all transferred from Kolar it will better go to the Bangalore District. The transfer to the Bangalore District of the Kunigal Taluk with the exception of the villages to be transferred to Mandya should be carried out. The Koratagere Taluk should be abolished and absorbed in the neighbouring taluks in the manner proposed, a Deputy Amildar being stationed at Koratagere.

2. The other alterations in the taluk boundaries proposed, which are all well considered, are also approved subject to the following observations.

3. It is observed that only a few villages to the east of the Tumkúr-Hebbur-Kunigal road are proposed to be transferred from Gubbi to Tumkúr. It will be preferable to add more villages in that direction in the manner marked in pencil on the map so as to take in the whole of the above Tumkúr-Hebbur road and some villages to the west of it also to the Tumkúr Taluk, leaving Gubbi little in that direction, as it has an extensive area both to the north and the south.

4. A portion of the Chiknayakanhalli Taluk inclusive of and about Hagalvadi is proposed to be transferred to Sira which is already large in area. This portion which contains valuable gardens, if it cannot be conveniently retained in Chiknayakanhalli, may with advantage be added on to the Gubbi Taluk with which it is more easily connected by road. A little projection in the boundary which is thereby occasioned, is not of any consequence.

5. It is noticed that some additional villages from the Gubbi Taluk beyond the Dabbegatta projection are also proposed to be transferred to the Nagamangala and Channarayapatna Taluks. There seems no occasion for this, and should the people prefer to remain connected with Gubbi and Tiptur which will have Railway facilities, it is better that these villages should be apportioned between the Tiptur and Gubbi Taluks, especially if there is to be a Deputy Amildar at Mayasandra.

6. It is presumed that the northern corner of the Tiptur Taluk about Hondinkere proposed to be added to Chiknayakanhalli has, or can be easily provided with facilities of road communication with that kasaba; otherwise it should not be added to it.

7. The Deputy Commissioner should carry out the above transfers in communication with the Survey Superintendent and the other Deputy Commissioners concerned, and early submit a complete villagevar list as finally arranged of the various transfers made for publication in the Gazette.

R. VIJAYINDRA RAO,
Secretary.

To—The Deputy Commissioner, Tumkúr District, with plan.
The Deputy Commissioners of Kolar, Bangalore, Hassan and Mysore Districts.
The Survey Superintendent.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 18th October 1882.

From the Deputy Commissioner, Kolar District, To the Secretary to the Dewan of Mysore, No. 856—375, dated Kolar, 6th October 1882.

Adverting to the marginally noted communications, I have the honor to submit the following propositions in furtherance of the contemplated reduction of the Revenue Establishments in this District and the re-adjustment of Taluk and Hobli boundaries.

Dewan's Order No. 2509-17—62, dated 23rd June 1881.
To the Secretary No. 996—370, dated 10th September 1881.
Correspondence ending with this Office letter to the Secretary No. 315—121, dated 14th June 1882.
Dewan's Order No. 3852—97, dated 25rd August 1882.

2. It has been, I believe, finally decided, beyond the stage of discussion, both by the Dewan and the Committee that was convened last month at Bangalore, that the Taluks of Sidlaghatta and Gudibanda should be abolished. My proposals presuppose their abolition.

3. Sidlaghatta now consists of 12 hoblis, *viz.*—

1. Sidlaghatta.	5. Chilakalnerpu.	9. Malúr.
2. Bhaktarhalli.	6. Korlaparti.	10. Ganjigunte.
3. Basettihalli.	7. Irgampalli.	11. Ambajidurga.
4. Sádali.	8. Manganapalli.	12. Kaivara.

It is proposed to absorb in the neighbouring hoblis Nos. 2, 6 and 9, thus reducing the number to 9. Two * of these consolidated hoblis should be added to Chikballapur, Sadali to the Bagepalli Taluk and the remaining 6 hoblis to the new Taluk of Chintamani. I had at first intended to join Chilakalnerpu also to Bagepalli, but nearly all its villages are nearer to and more easily get-at-able from Chintamani, to which it has accordingly been joined. The only objection to this grouping lies in the comparatively large size assigned to Chintamani, as it will be the largest taluk *par excellence* in the District, but with an efficient Revenue and Police staff (for which *vide* sequel) there should not be much difficulty in managing it. For the distances relatively from Bagepalli and Chintamani to the northern hoblis of the late Sidlaghatta Taluk, see enclosed statement.

* Sidlaghatta *cum* Bhaktarhalli and Malur } and Basettihalli *cum* Korlaparti.

4. Gudibanda now embraces the hoblis of—

1. Gudibanda.	3. Darinayakanpalya.	5. Nagargere.
2. Mandikal.	4. Namagondlu.	6 Somenahalli.

When the taluk ceases, to exist No. 4 may be abolished, and absorbed partly in Manchenahalli hobli of Chikballapur and partly in No. 3. Hoblis 1 and 6 go to Bagepalli, with 21 villages from No. 2, which are closer to Bagepalli town than to Chikballapur (*vide* † enclosure). Nos. 5 and 3 to Goribidnur and No. 2 (minus the villages aforesaid) to Chikballapur. Four villages of Nagargere hobli, *viz.*, Kambalahalli, Bilsandra, Yellodu and Molekere, should be added to the Bagepalli Taluk being only within 12 miles from the kasaba of that name.

†The statement referred to in para 3.

5. The name of Gumnayakanpalya should be wiped off as not only inconveniently long, but as the village of that name is very insignificant and inaccessible. Bagepalli is the Taluk Headquarters, and should give its name to the taluk. Two hoblis may be conveniently broken up in it; *viz.*, Chakivelu and Yellampalli. The villages of the former may be distributed between Billur and Chelur Hoblis, and in the same way the villages of Yellampalli may be apportioned between Bagepalli, Palya and Mittemari. The present hoblis of this taluk will thus be reduced to 6, and with the 2 taken from Gudibanda (para 4,) and one (Sadali,) from Sidlaghatta, it will form a good sized frontier taluk, for which an active and good Amildar should be told off.

6. Goribidnur has now 5 hoblis, *viz* :—

1. Goribidnur.	3. Tondebhavi	5. Varavani.
2. Hossur.	4. Bomsandra	

I propose that No. 5 should be broken up and added to Manchenhalli, from the kasaba of which Varavani and several other villages are within a few miles. From Gudibanda, this taluk will receive two hoblis, (para 4,) and from Chikballapur, Manchenahalli Hobli, minus 27 villages, which cannot be divorced, without much avoidable inconvenience and insecurity, from Chikballapur, (*vide* sequel.) The Deputy Commissioner of Tumkúr proposes to cede from Koratagere 24 villages, and 19 villages from Maddagiri. These could be incorporated respectively with Hossur and Goribidnur Hoblis. It is also proposed to give away to Dodballapur the villages of Varavani and Tondebhavi Hoblis as noted in the margin, which, although in Goribidnur, are nearer to and within easier reach from Dodballapur. The Deputy Commissioner of Bangalore consents to this arrangement.

Varavani.

1. Jidimakalahalli.
2. Lakasandra.
3. Hirenandanahalli.
4. Myakaltimmanahalli.
5. Kalkoti.
6. Mukadigutta.

Tondebhavi.

1. Melinjuganhalli.
2. Kelginjuganhalli.
3. Gunjur.

7. Chikballapur now comprises the 7 hoblis of —

1. Chikballapur.	4. Peresandra.	6. Manchanbele.
2. Nandi.	5. Manchenahalli.	7. Párnasagar.
3. Avati.		

It is proposed to do away with the 6th hobli, as more than half of its villages are situated close to the town of Chikballapur, and to divide it between the kasaba and Púrnasagar hoblis. Prior to the decision of the committee to break up Devanhalli, and in compliance with the Dewan's wishes in para 4 of order No. 3832—97, dated 23rd August 1882, I had intended to break up also Avati, and incorporate some of its villages with Devanhalli, and the remainder with Nandi. As however Devanhalli itself will be assigned to another taluk, and as the remotest village of Avati will be nearer to Chikballapur than to Dodballapur, I would retain Avati in *status quo*. The Bangalore Deputy Commissioner agrees with me in this matter. From Devanhalli, this taluk will derive the two hoblis of Vadigenahalli and Jangamkote, as per Mr. Rickett's proposal, and from Sidlaghatta, the consolidated hoblis of Sidlaghatta (*cum* Bhaktarhalli) and Basettihalli (*cum* Korlaparti). From Gudibanda on the north, Mandikal will fall into Chikballapur, minus the 21 villages made over to Bagepalli (*vide* para 4 *supra*). The whole of the Manchenahalli hobli cannot be given over to Goribidnur, as 27 of its villages are situated on the slopes and in the valleys of the cluster of hills forming the Nandi range, the protection and Police arrangements of which can only be efficiently carried out from the Chikballapur side, and which are much nearer to Chikballapur. Accordingly, these villages are proposed to be added to the Chikballapur and Nandi hoblis. Manchenahalli itself, with the abolished hobli of Varavani and part of the abolished hobli of Namagondlu, will gravitate into Goribidnur, as decided by the Bangalore committee. The Police Station at Viratimmanghat must of course remain in Chikballapur from which kasaba it is only 4 miles. Thus this taluk will become one of the most important in the Province, not only in point of administrative work, but also in point of size.

8. Shrinivaspur has at present the following 11 hoblis :—

1. Shrinivaspur.	5. Murgamalla.	9. Somayajulpalli.
2. Dalasanur.	6. Addagal.	10. Yaldur.
3. Nambihalli.	7. Byalpad.	11. Ronur.
4. Chintamani.	8. Nelavanki.	

By reducing Nos. 3 and 11, and absorbing their villages in the hoblis around, the number will be reduced to 9, and adding to them the 6 proposed to be ceded from Sidlaghatta, the total becomes 15. Of these, I propose that Dalasanur should be joined to Kolar, and Yaldur to Mulbagal. The new taluk should be christened Chintamani, in which town the head-quarters will be located. These accretions will render Chintamani a very large taluk, containing 13 consolidated hoblis as already stated.; but as most of the hoblis of Sidlaghatta cluster round Chintamani, no other equally convenient and preferable arrangement is possible. 29 villages of Kurubur must be ceded to Chintamani, as they are situated closer to that kasaba than to Kolar, and as moreover that hobli was formerly attached to the late Ambajidurga Taluk of which the head-quarters were at Chintamani. I must take this opportunity of suggesting that this taluk should always have an Amildar of a higher grade in order to enable him to be well mounted, and to keep at least two horses. Amildars of a lower grade will be obliged either to be comparatively inactive, or to move about at the cost of the ryots.

9. The present hoblis of the Kolar Taluk are :—

1. Kolar.	4. Kurubur.	7. Huttur.
2. Vakkaleri.	5. Mudivadi.	8. Harati.
3. Vemagal.	6. Holur.	9. Sugutur.

Nos. 4, 5 and 8 may be safely doubled up and amalgamated with their neighbours. The Kurubur section, containing 29 villages, should, as above stated, be made over to Chintamani, with 5 villages of Vemagal, which are also very close to Chintamani. Dalasanur will be joined to Kolar, and from Devanhalli, Kalhalli hobli will be taken in. On the west, the Deputy Commissioner of Bangalore at first proposed to give up to Kolar the whole of the Nandagudi hobli of Hoskote, but on my pointing out to him that 28 of its villages are inconveniently far from Kolar and far closer to Hoskote, he has agreed to give to Kolar only 36 villages from Nandagudi, and proposes also to give over 10 villages more from Salibele. I have no objection to this arrangement. Mr. Ricketts had likewise at first proposed to transfer to Kolar 19 villages from Jangamkote, but on my representation, he has rightly agreed to the transfer of that hobli entirely to Chikballapur. On the south, the Betmangala Taluk extends to within 1¾ miles from the town of Kolar. It is therefore recommended that 16 villages should be taken to Kolar from Betmangala and 21 villages, which are situated closer to Bowringpete, be made over from the Harati hobli to the latter taluk. This will extend the Kolar boundary to about midway between that town and the Railway Station at Bowringpete.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 18th October 1882.

10. In Malur there are at present these hoblis :—

1. Malur.	4. Lakkur.	6. Masti.
2. Narsapur.	5. Hulidenchalli.	7. Tyakal.
3. Kudayanur.		

I propose to do away with No. 3, as it is situated very close to the Kasaba hobli. On the west and south-west, the Hoskote boundary comes to within 3 miles of Malur. The Bangalore Deputy Commissioner offers, in accordance with the resolution of the committee, to give up to Malur 61 villages from the Mugalur, Vagatta and Hullur hoblis of Hoskote, all of which are nearer to Malur than to Hoskote. This will render the taluk more compact and places the head-quarters more in the centre. It is also suggested that 11 villages from Narsapur hobli (Malur Taluk) should be joined to the Kolar Taluk, as they are close to and on the road from Kolar to Chikballapur ; and that the village of Lakshmisagar, which is now in Kolar, should be given up to Malur, as it is very close to the latter kasaba, and far from Kolar town. Mr. Ricketts proposes further that the 3 inam villages of Kambihosahalli, Bhaklakondahalli and Channapura should be taken from Malur to Hoskote ; I pointed out to him that they were nearly equi-distant from Malur and Hoskote, but he still opines that they should lie in the latter Taluk, because they wedge into it. I have accordingly no objection to their transfer.

11. In Betmangala, the present component hoblis are :—

1. Súlikunte.	4. Ramasagar	7. Kamasandra.
2. Hulibele.	5. Kyasanballi.	8. Dasarhosahalli.
3. Betmangala.	6. Tayalur.	9. Búdikote.

The changes now proposed are that Nos. 2 and 6 should be abolished and amalgamated with their neighbours ; that 16 villages should be given over to Kolar from Súlikunte, that 21 villages should be taken from Kolar, and apportioned between the hoblis of —

1. Súlikunte.	2. Dasarhosahalli.	3. Betmangala.

and that 14 villages of the Tayalur hobli should be given up to Mulbagal ; being far closer to that kasaba than to Bowringpet.

12. Mulbagal has 7 hoblis now, *viz* :—

1. Mulbagal.	4. Dugsandra.	6. Nangli.
2. Avani.	5. Bhairkur.	7. Mallinayakanhalli.
3. Huttanur.		

Nos. 3 and 6 may be abolished and incorporated with the surrounding hoblis. From Shrinivaspur the hobli of Yaldur will be taken over and joined with Huttanur, which will be a good Shekdar's charge, and from Betmangala, 14 villages should be taken and added to Avani (see preceding para).

13. Thus I have briefly indicated the repacking of the hoblis, and the constitution of the newly consolidated Taluks ; in elucidation of which a rough sketch is forwarded herewith, showing the present Taluk boundaries, the new Taluks proposed, and the hoblis as they exist, and the transfers from the neighbouring Districts. An * explanatory statement is also submitted, showing the villages to be transferred from one Taluk to another.

14. Opportunity has also been taken to rectify a few irregularities in the allocation of villages in certain hoblis, the details of which will be found in the enclosed * statement. Sanction is requested to the proposed transfers.

15. The present number of Shekdari hoblis in this District is 81, and under the Dewan's order No. 3832—97, dated 23rd August 1882, it is proposed, as explained in the above paras, to extinguish 19 hoblis, thereby reducing the number to 62. The transfers from Bangalore amount to more than 5 hoblis, but I think it will be unnecessary to make them into more than 5 Shekdari charges. Accordingly the additional Shekdaris will be only—

1. Vadigenahalli.	3. Kalhalli.	5. Nandagudi.
2. Jangamkote.	4. Mugalur.	

The hobli of Nandagudi has not been taken over in its entirety, but 36 villages, plus 10 of Sulibele, will form a responsible circle for a Shekdar, and the hobli Shekdar must of course be made over with his charge. The other hoblis to which large additions have been made have been constituted 1st class Shekdaris. There are at present—

1st	Class	Shekdars on	20	Rs.	.. 12
2nd	do	do	15	„	.. 27
3rd	do	do	10	„	.. 42
					Total.... 81

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 18th October 1882.

As laid down in the above Proceedings, I propose that there should hereafter be only 2 grades, *viz* :—

1st	Class	Shekdars	on	20	Rs.	20
2nd	do	do	„	15	„	47
						67

This will not entail any extra cost. I am under the belief that it is a sound policy to retain this class of officials, and improve their efficiency and status by greater care in their nomination, and by giving them more useful work and more definite powers.

Establishments.

16. There is no doubt that the reduction of 2 Taluks in this District has been rendered administratively possible only by the prospective appointment of Deputy Amildars, to be located at the following hitherto Head-quarter kasabas, where the presence of a superior officer with enlarged and useful functions is a *sine qua non*.

1. Gudibanda. | 2. Sidlaghatta. | 3. Shrinivaspur.

What the Government propose to pay these officials I do not know; but I am humbly of opinion that their salary should never be under Rs. 50. The establishment to be attached to a Deputy Amildar should be—

1 Gumasta	on Rs.	15
1 Daftarband	„ „	6
1 Sweeper and Mashalchi	„ „	5
2 Peons at Rs. 6 each	„ „	12
	Total...	38

I think it cannot well be pitched on a lower scale, and if the Deputy Amildars are intended to be useful and efficacious, Government should not grudge them hands to carry on their work well, and to keep up their prestige.

17. I must also advocate that in sweeping off the Taluk establishments of Gudibanda and Sidlaghatta, 2 peons should be excepted for every Shekdar. The same allowance will be insisted on in the other Taluks, as it is the fashion with certain Amildars at times to take away capriciously the peons of their Shekdars, without rhyme or reason.

18. It will likewise be unavoidable to give one more Taluk Gumasta on 15 Rs. to each of the newly consolidated Taluks of Chikballapur and Chintamani. Past experience has clearly demonstrated that the present establishment is insufficient for these two existing Taluks, and when the large increases to be made thereto are borne in mind, the necessity for the proposed addition will be perceived beyond all doubt.

19. The functions, powers and responsibilities of the Deputy Amildars will have to be determined. I only wish to urge here that they should never be made independent of the Amildar. As his lieutenants, the Deputy Amildars can materially aid him in carrying on jamabandi, conduct Police investigations, collect revenue, try criminal cases, repair tanks and carry out public works, and in short do all the work of the Amildar in the hoblis allotted to them, but under his control and subject to his responsibility.

20. With regard to the Police, I venture to deprecate the reduction of the Inspectors of the 2 reduced Taluks. We have not got too many Policemen at present and although the paraphernalia of 2 Taluk Cutcherries are destined to go, the Inspectors thereof will still have their work left to them. There must be an Inspector at Gudibanda as at present, and I propose to locate the Sidlaghatta Inspector at Burudagunte, which is near the frontier, in a locality in which the presence of a superior Police or Revenue officer is a pressing necessity. It was formerly the seat of a Taluk Cutcherry and subsequently till a few years ago of a Peshkar. The frontier is infested with lawless tribes and criminal classes and with the increased new spheres of Amildars, they cannot possibly visit the out-of-the-way localities as often and pay as much attention to Police and other work thereof as is very necessary. I therefore strongly urge that both the Inspectors should remain and that one of them should be stationed at Burudagunte and the other at Gudibanda. Where there are more than one Inspector in the same Taluk, the jurisdiction of each can be defined to prevent any clash and shirking of responsibility.

21. When the transfers involved in the foregoing propositions are sanctioned, I will arrange with the Deputy Commissioners of Bangalore and Tumkúr for the transfer of the requisite number of Policemen; for with such large accretions of territory on so many sides, it is scarcely necessary to add that the surrender of a proportion of their Police force to this District becomes indispensable. About the same time, I shall also send in a list of men to be retired to make room for the reduced officials; there is much room for necessary weeding in this District, especially in the grade of Shekdars, among whom there are many incapables, who must make room for better men.

22. In conclusion, this report and its accompaniment would have been submitted days ago, but that I received the schedule of the Tumkúr District on the 22nd ultimo and the final reply from Bangalore only on 5th instant.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 18th October 1882.

CAMP NO. 14, DATED MYSORE, 18TH OCTOBER 1882.

ORDER THEREON.—The proposals for the re-arrangement of Taluks and Hoblis have been very carefully considered by the Deputy Commissioner and are submitted in a complete form. The arrangements proposed for the breaking up of the Sidlaghatta, Gudibanda and Shrinivaspur Taluks, and for their absorption in the Taluks of Goribidnur, Chikballapur and Gumnayakanpalya to be hereafter called "Bagepalli," and in the newly constituted Taluk of Chintamani, and for the alterations of the boundaries of these four taluks and of their hoblis, and also the proposals for the transfer of certain villages of Maddagiri and Kortagere to Goribidnur, and of a few villages from Goribidnur to Dodballapur, are all sanctioned and may be carried out at once in communication with the Survey Superintendent and the Deputy Commissioners of the other Districts concerned.

2. The propositions in respect of the other 4 taluks require reconsideration with reference to the desirability of abolishing either the Malur or the Betmangala (Bowringpet) Taluk, and thereby adding to the size of the now comparatively small Taluks of Kolar and Mulbagal. This matter, if not now finally disposed of, is sure to force itself on the consideration of the Government hereafter necessitating future readjustments. The suggestion may perhaps be conveniently carried out in the following manner.

3. The Taluk of Betmangala being abolished, stationing a Deputy Amildar at Bowringpet, the eastern portion of the Taluk about Betmangala as roughly marked in red pencil on the sketch map, excluding the gold mining tracts, may be added on to Mulbagal and the rest of the Taluk to Malur. The new Taluk of Malur will comprise all the villages to the south of the Madras Railway beyond the Bangalore Taluk, and a comparatively narrow strip of country on the other side of the Railway with a broader tract about the gold mining region. This is also roughly shown on the map in red pencil. The Kolar Taluk will be to the north of this Taluk, taking more villages from the present Malur and Betmangala Taluks, and if it is considered desirable to relieve Mulbagal to some extent, Kolar may also take the Yeldur hobli in the north-west.

4. There seems no occasion to curtail the Hoskote Taluk beyond giving up to Malur and Bangalore as may be suited any portions of it situated to the south of the Madras Railway and within a mile or two of it to the north. On the east and north of the Taluk, Hoskote may be rather enlarged to give it a good boundary, and any portions of the abolished Taluk of Devanhalli which are not transferred to Chikballapur and Dodballapur may be added to it.

5. In regard to the transfers of villages from the Hoskote Taluk to Kolar and Malur, the necessity of keeping the road from Kolar to Chikballapur by Jangamkote entirely in the Kolar District seems to have influenced the proposals made. There is no occasion for this. A better arrangement will be to transfer the Hoskote Taluk to the Kolar District. The revision of the boundaries should be regulated by this consideration, and Jangamkote may be added to Hoskote with which it is connected by a good road instead of to the already large Taluk of Chikballapur, unless trade relations induce the villagers to prefer a connection with the latter kasaba.

6. The villages to the north of the proposed Malur Taluk should be apportioned between Hoskote and Kolar in such manner as may be considered proper. The road between Kolar and Hoskote will run entirely through the above taluks.

7. The only other point which is worthy of consideration is, whether with the view of somewhat reducing the size of the Chintamani Taluk, Kolar may be extended on the north and north-east so as to take in the Hoblis of Nambihalli, Shrinivaspur, Yeldur and Somayajulahalli and Ronur, or such villages of them as will form a convenient charge for the Deputy Amildar at Shrinivaspur. The connection of Shrinivaspur with the Head-quarter Taluk of the District may be advantageous, but the

question must be decided with reference to local conveniences, the convenience irrigation works, and other similar considerations.

8. The Deputy Commissioner is requested to submit as early as practicab revised proposals with reference to the above points after personal conference if nece sary with the Deputy Commissioner of Bangalore.

9. The arrangements proposed for the reduction of the number of hoblis an thei ncrease of the status of those retained are approved.

10. A Deputy Amildar will be stationed at each of the towns of Sidlaghatt Gudibanda, Shrinivaspur and Bowringpet, with the establishment proposed for the officers in the Deputy Commissioner's letter. As these officers will combine the fun tions of the Amildar and the Police Inspector, it will not be necessary to retain th Police Inspectors of the two abolished Taluks. A strong Police Station with Jamadar will suffice at the Deputy Amildar's Head-quarters, but at Buradagunt unless there is to be a Deputy Amildar there also, a Police Inspector with a separat charge may be retained for the protection of the frontiers.

11. The proposal to retain 2 peons for each Shekdar is also approved.

12. There will be two grades of Deputy Amildars and their pay will be fixe at Rs. 70 and 50 per month. The additional Gumastas proposed for Chikballapu and for either Chintamani or Kolar are also sanctioned. The Deputy Amildar whilst subordinate to the Amildars, should be given independent charge of thei hoblis as regards administrative work, without needless interference on the part o the Amildars, but the accounts and collections of the hoblis should be sent direct t the Taluk Office.

13. When the arrangements for the revision of the boundaries of Taluks an Hoblis are completed, the Deputy Commissioner is requested to submit a revised an complete villagevar list of the transfers of villages for publication in the Gazette and he should send up his proposals for the disposal of the establishments to be dis pensed with and retained, with a list showing the names, service and pay, present an proposed, of the officials concerned.

14. The Survey Superintendent should also be communicated with in respec of any special treatment of villages required in connection with the survey operation now in progress, but the rearrangement of the Taluks should not be delayed on tha account. It should be completed by the middle of November in order that it may not interfere with the jamabandi work.

15. When the Hoblis are revised, a complete list of the villages comprised in each of them should in due course be submitted for all the taluks, with also a list o Police Stations and the number of peons attached to them.

REVENUE.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (Revenue),—dated 23rd November 1882.

From the Deputy Commissioner, Kadur District, To the Secretary to the Dewan of Mysore, No. 338, dated Chikmagalur, 12th September 1882.

With reference to Dewan's Proceedings No. 1091—57, dated 4th May 1882, directing the resumption to Government of the Inam village of Dyampur in the Tarikere Taluk, I have the honor to report that as the Superintendent of Revenue Survey was unable to have it surveyed and settled this year (as stated in his docket No. 310 of the 22nd idem), the village lands have been given out by Mr. Muhammad Alli, Assistant Commissioner, for cultivation, in anticipation of the survey, at the rates prevailing for similar lands in the neighbouring villages.

2. The former beriz of the village was Rs. 121—15—3 and the jodi paid to Government Rs. 94—12—0, per annum. This year on the temporary rates, lands paying Rs. 115—8—0 have been taken up for cultivation, and the rest sold for hulbanni or grazing for Rs. 46—10—0. Thus in this the first year of resumption, Government makes Rs. 68 more than the jodi and Rs. 41 more than the original beriz of the village.

3. The neighbouring villagers when I personally went to the spot in July were keen on taking up these lands since Government had resumed the village, and told me they had only thrown them up on account of the rack-renting of the farmers to whom the Kudli Matt used to let the village out. They would not agree to rebuild the village, on the ground that the site was occupied by evil genii (Bhúta), but I do not despair of getting it rebuilt shortly.

4. Enclosed is a copy of the Revenue Assistant Commissioner's report, and I have written to the Survey Superintendent requesting him to be good enough to have the village surveyed and settled.

From the Revenue Assistant Commissioner, Kadur District, To the Deputy Commissioner, Kadur District, No. 28, dated Tarikere, 23rd August 1882.

With reference to para 3 of your letter No. 535, dated the 10th August 1882, I beg to report that I inspected Dyampur on the 21st, 22nd and 23rd instant, and have done the following with regard to it.

2. The accompanying rough sketch * map will show that the village has been divided into thirty-seven numbers; the largest of which contains eighteen acres and the smallest two acres, eighteen guntas. It did not appear to me necessary to reduce the minimum any lower, as it would entail delay in marking the numbers and chiefly because the village would be soon regularly surveyed and also because the object of the darkhastdars appeared to me to secure lands in that village more for pasture this year than for cultivation.

* Prepared by the Sheristadar.

3. In assessing the numbers I took the average of maximum and minimum rates of the neighbouring villages of Attiganahal, Bhairapura, Doranahal and Channapur, according to which I fixed the maximum rate for Dyampur per acre at Rs. 0—15—6 and the minimum Rs. 0—9—6. The village yielded formerly a jodi of Rs. 102—9—0, the arrears on it were Rs. 205—2—0 and the total assessment as now fixed by me amounts to Rs. 249—4—0.

4. The state of the soil appeared to me to be uniform throughout, except in some portions which were a little inferior to the rest.

5. Up to my coming here seven darkhasts for Nos. 1, 2, 13, 14, 17, 30 and 31 had been received, but not disposed of. After talking to Attiganahal, Channapur and Bhairapur ryots and showing them the necessity of their also holding some lands in this village, I succeeded in getting five more darkhasts; the total amount of all of which amounts to Rs. 115—8—0. No. 18 is Kulavadi inam land which was asked for, but could not be granted. A mutchalika from the darkhastdars has been taken to the following effect.

1. We will preserve the long existing foot-paths in the lands taken up by us.
2. We do not claim any right to the trees standing thereon.
3. We agree to pay the maximum rate of Rs. 0—15—6 now fixed and will pay whatever is fixed by the Survey Department in future.
4. We will preserve intact the temporary marks now erected.

The rest of the 24 numbers have been sold for hulbanni, realizing a sum of Rs. 46—10—0.

6. The Bhairapur and Channapur ryots are anxious to settle at Dyampur next year by taking up the remaining lands to the extent of Rs. 100. I have, as a matter of encouragement, told them

without holding any promise that whoever came forward first next year with such an offer may possibly get a Patel selected from amongst their number.

7. I have ordered the Sheristadar to prepare all the survey accounts for this village and submit them to you with the least possible delay. Pattas will at once be granted to the darkhastdars.

8. I may here mention that amongst the darkhastdars are two Brahmans named Ramavadhani and Seshabatta, who, I am explained, were formerly cultivating lands at Dyampur under the joddars, but inasmuch as they do not appear to be vrittidars who have defaulted in paying the arrears, I did not hesitate to accept their darkhasts also.

No 5196-5203—131, DATED 23RD NOVEMBER 1882.

ORDER THEREON.—Copy of the above is forwarded to the Survey Superintendent for information with a request that the village may be early surveyed and settled: in the meantime the temporary settlement now made is sanctioned.

2. With reference to the Assistant Commissioner's explanation in the last para of his letter, it must be remarked that so far from vrittidars and other holders of inam villages being precluded from taking up on full assessment the lands of their villages when resumed, they should be allowed a preference in the event of their applying unless the lands were already under cultivation by others with occupancy rights.

READ—

Letter No. 355 of the 23rd September 1882, from the Deputy Commissioner of the Kadur District, reporting upon a petition from the Joddars of Machenahalli Inam village in the Chikmagalur Taluk, regarding the conditions on which the ryots in the village hold their lands.

No 5300-7—135, DATED 27TH NOVEMBER 1882.

ORDER THEREON.—The question is not to be decided by any general and sweeping order, but each case when complained of must be decided on its merits after due consideration of the rights involved. Lands situated in jodi and other inam villages are in some instances held in independent right by the occupants who have owned them from before the date of the grant of the inam, and in such cases, the inamdar can only claim the ordinary assessment on the land and will be bound to give pattas and receipts for payment to the land holders, and the same course should be pursued in cases where the inamdars have given the lands permanently to tenants on fixed kandayam and in absolute right, but where lands have been simply leased out to ryots on more or less limited tenures, the conditions of the lease in each case should be respected.

2. The case under notice should be disposed of accordingly on specific complaints made by the ryots or the inamdars in individual cases

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 3rd November 1882.

READ—

Letter from the Deputy Commissioner of Tumkúr District, No. 371 of the 23rd October 1882.

CAMP No. 27, DATED 3RD NOVEMBER 1882.

ORDER THEREON.—The proposed transfer, in accordance with the instructions issued, of additional villages from Gubbi to Tumkúr, mentioned in para 2, is approved.

2. With regard to the transfers from the Dabbegatta Hobli, the Deputy Commissioner is again requested to consider whether the transfer to Channarayapatna of the 8 villages noted in the margin comprising two Shanbhogs' charges and which are 15 miles distant from Channarayapatna may not suffice. The remaining 13 villages proposed to be transferred to Channarayapatna, which are 19 and 20 miles distant, would better be transferred to the Tiptúr Taluk.

1. Balaganchi.
2. Antanhalli.
3. Honnasettihalli.
4. Balaganchi Amanikere.
5. Honnamarnahalli.
6. Timlapura.
7. Siravanhalli.
8. Gaudrahalli.

3. In connection with this subject the Deputy Commissioner is also requested to consider whether Turuvekere which is a much larger town would not be a more suitable station for a Deputy Amildar than Mayasandra, and in this case, whether all the southern villages of the Gubbi Taluk up to the road from Turuvekere to Mayasandra and thence to Yediyur and for a mile or two along the northern part of the road and up to the Shimsha as marked in red pencil on the map, may not be transferred to the Tiptúr Taluk which is not very large, so as to form a convenient charge for the Deputy Amildar at Turuvekere. It is understood that the trade relations of the Mayasandra people are with Tiptúr.

4 On the other hand, the Gubbi Taluk may take in the small strip of country about Ankasandra proposed to be transferred from Tumkúr to Sira, and also the adjoining strip to the west now belonging to the Sira Taluk also marked in red pencil, leaving to Sira only the corner about Hanjanal on account of its being near the high road from Sira to Tumkúr. This transfer may be advantageous both because it would somewhat reduce the large size of the Sira Taluk and also because the ryots may prefer a connection with a larger station on the line of the Railway like Gubbi. And it may be also considered whether in the event of Hagalvadi having greater facilities of communication with Nittúr and Gubbi, the country about it marked in red pencil may not also be transferred to Gubbi, thus extending the Taluk in the north, whilst curtailing it on the south.

5. The Deputy Commissioner should decide the question of the changes above proposed with reference to the conveniences and wishes of the villagers interested, and to the Shanbhogs' charges.

6. The arrangements for the abolition of the Kortagere Taluk and the various transfers of villages may be at once carried out for the convenience of the jamabandi in anticipation of notification in the Gazette on the receipt of complete villagewar lists. The establishments of the abolished Taluk should be disposed of in the manner indicated demi-officially, and proposals on the subject when finally arranged should be submitted with nominal lists for sanction. Meanwhile, any of the officials who may not be required for work in the Taluks to which the villages are to be transferred may remain attached to the Deputy Commissioner's Office pending final disposal. No transfers of establishments need be made to the other Districts along with the transfers of villages unless applied for by the Deputy Commissioners concerned.

7. It is observed that the Officiating Deputy Commissioner of Chitaldroog has already arranged for the transfer of the Pavagada Taluk and of the Budihal Taluk with their establishments to the Tumkúr District from the 1st instant. The Deputy Commissioner of Tumkúr should submit proposals for the disposal of the Budihal Taluk establishments as for those of Kortagere.

8. The Deputy Amildars may be allowed two hands to serve both as Munshi and Gumasta, one on Rs. 20 and the other on Rs. 15. Each Shekdar should of course be allowed 2 peons and the Deputy Amildars may have 3 peons. The Police in the

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 8th November 1882.

Deputy Amildars' Divisions and also the Shekdars and other Revenue establishments will of course be under their orders.

9. The re-arrangement of Hoblis in all the Taluks of the District should be early completed and submitted for sanction.

10. It is suggested by one of the representative ryots that the Anati Hobli of the Channarayapatna Taluk or at least several villages of it which are much nearer to Tiptúr may be conveniently transferred to that Taluk. This may be considered in communication with the Deputy Commissioner of Hassan and separately reported upon hereafter without delaying the other arrangements

Letter from the Officiating Deputy Commissioner of Chiltaldroog District, No. 402, dated 30th October 1882.

CAMP No. 36, DATED 8TH NOVEMBER 1882

ORDER THEREON.—The following transfers of villages and Taluks in the Chitaldroog District are finally sanctioned and the villagewar details of the same as furnished by the Officiating Deputy Commissioner will be notified in the Gazette:—

(1) Nine villages from Pavagada on its western borders to Dodéri.

(2) Eleven villages about Bilchode from Kankuppa to Davangere and the remainder of Kankuppa to Chitaldroog.

(3) Fifty-five villages of the Brahmasagara Hobli of Davangere to Chitaldroog

(4) Twenty-eight villages of the Talya Hobli and twenty-three villages of the Chitrahalli Hobli of the Chitaldroog Taluk to Hosdurga, which will be hereafter called the "Holalkere Taluk," the kasba being transferred from Hosdurga to Holalkere.

(5) Twenty-one villages of the Talya Hobli from Chitaldroog to Hiriyur.

(6) Nine villages in the eastern part of Chitaldroog to Dodéri.

(7) Thirty-three villages of the Muttod Hobli of the Hiriyur Taluk to Holalkere.

(8) The Pavagada Taluk reduced as above and the Budihal Taluk will be transferred to the Tumkúr District, the latter Taluk being abolished and added on to Chiknayakanhalli.

(9.) The Davangere Taluk revised as above will be transferred to the Shimoga District. The transfer of villages from Davangere to Honnali will be held in abeyance for the present.

2. Deputy Amildars will be stationed at Jagalur, Hosdurga and Hangal. The establishment* proposed for them is approved.

PART I.

GENERAL.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 15th November 1882.

No. 5090-5100—127, DATED 15TH NOVEMBER 1882.

ORDER.—The question of revising and reducing the Anche Postal Establishments which are maintained on an extravagant scale quite out of proportion to the receipts of the Department or the requirements of work, has been for some time under consideration. The establishments have been allowed to grow without any general principle according to what the Departmental Heads deemed necessary from time to time. The Clerical establishments are especially extravagant. The system of levying postage in cash and granting receipts for the same and keeping individual registers of letters received and delivered greatly adds to the work of the Department, so that the full extent of reduction feasible under this head can only be effected when local postage labels are hereafter introduced.

2. The establishments of Runners maintained are also unnecessarily large, being required to provide for the running of expresses for the public officers as well as for the general public, and being further employed to carry stationery and heavy parcels which could be more properly sent by carts and other ordinary means of conveyance. Restriction on the improper use of the post by public officers is a necessary preliminary to the introduction of an economical scale of establishments and separate orders on the subject will be issued.

3. Large establishments are kept up on lines of roads which have ceased to be of importance in consequence of the construction of railways and other circumstances. For instance, an establishment of 4 Runners for each stage could no longer be required on the road from Bangalore to Hassan by Channarayapatna, as the mails to the last mentioned place are better carried by the Mysore State Railway and hereafter by the Railway to Tiptúr. Similarly an establishment of 3 Runners for each stage on the minor road from Seringapatam to Gubbi by Nagamangala and Mayasandra can have no justification. These circumstances render considerable reductions feasible immediately.

4. First, with regard to the establishment of Runners, the general principle to be kept in view is that the anche should primarily connect the District Head-Quarters with each other and with the Provincial Head-Quarters at Bangalore and Mysore, and the Taluks with their respective District Head-Quarters. Direct connection between Taluks of different Districts could scarcely be required except where it is found convenient to connect a remote Taluk of a District with a neighbouring Taluk in another District so as to bring a number of adjoining Taluks of both Districts into quicker and more direct communication instead of by a long and circuitous line through the Head-Quarters of their respective Districts. There should be also connection with the British postal lines beyond the frontiers on all the important roads. This still leaves the connection between the Taluk Head-Quarters and the villages in regard to which no arrangements exist at present, shutting out the great masses of the rural public from the benefits of postal communications, though it must be observed that there is generally very little letter correspondence among these classes in the Province.

5. The annexed memorandum shows in what manner the above views could be carried out in revising the postal lines and reducing the establishments of Runners. It will be seen that it provides for postal connection with all the Districts and Taluks of the Province and also with several trading towns or large villages which are not Taluk Kasbas. On lines connecting District Head-Quarters an establishment of two

or more Runners for each stage is provided according to requirements, and an establishment of two Runners per stage is also allowed on lines leading to more than one Taluk Kasba, but on lines communicating with a single Taluk Kasba, not only is the weight of the mails carried light, but there is also no occasion for any great speed, as the Runners have the whole of the night to carry over the short distances the mails which are generally closed in the evenings. One Runner for each stage has therefore been considered sufficient on such lines.

6. With regard to the Clerical establishments, the very large establishments entertained both at the Head Office and at Bangalore and Mysore will be hereafter adverted to. The Anche Mutsaddi establishments at the other stations marginally noted which are or will be District or Sub-District Head-Quarters and for the Taluk and Deputy Amildars' stations may be fixed as follows:—

Kolar.
Tumk.
Hassan.
Chikmagalur.
Shimoga.
Chitaldroog.
Chikballapur.
French Rocks.

A Mutsaddi on Rs. 20, an Assistant on Rs 15 and a Probationer or Kumki Mutsaddi on Rs. 8 with 2 Letter Delivery Peons on Rs. 5 each for Tumkúr, Chikmagalur and Shimoga, the last station being allowed a third Delivery Peon on account of its large size.

A Mutsaddi on Rs. 15 and an Assistant on Rs. 10 with 2 Letter-delivery Peons on Rs. 5 each for Hassan, Kolar, Chitaldroog and Chikballapur and French Rocks.

For the remaining 52 Taluk Kasbas as will be shortly revised, a Mutsaddi on Rs. 12 and a Letter-delivery Peon on Rs. 5. The Mutsaddis in the larger Taluk Kasbas or where several postal lines meet or where a knowledge of English is necessary in Coffee Taluks may be allowed a higher pay of Rs. 15.

For 15 Deputy Amildars' stations and for the large station of Birur a Mutsaddi on Rs. 10 with a Letter-delivery Peon on Rs. 5.

7. Two Village Post Peons on Rs. 4 each may be attached to the Anche Mutsaddis in Amildar's Kasba stations, and one to the Deputy Amildar's stations for the delivery of letters to all the villages comprised in the charges of the above officers excepting Shekdars' Hobli Kasbas to be separately provided for. As the letters received daily for the above minor villages will be but few, the Mutsaddi ought to be able to arrange for their delivery through the Village Post Peons promptly and within two days of their receipt. A list of establishments revised as above accompanies.

8. No separate Mutsaddis will be allowed for any other stations, and where they are now employed, early arrangements should be made for replacing them by engaging the services of Hobli School Masters on a remuneration of 1 to 3 Rs. per month according to the importance of the station and at stations where Hobli School Masters may not be available, any other stationary officials or private men may be employed on similar terms. In special cases where the receipts after allowing for the cost of Runners admit of it, Rs. 4 may be allowed. The remuneration will be ample for them as they will have to give but very little time for the anche work.

9. It is desired to extend this system of employing Hobli School Masters to all the Shekdars' Hobli Kasbas and to all other Hobli School Masters' stations situated on the postal lines which will greatly reduce the work of the Village Post Peons. The Mutsaddi at the Taluk or Deputy Amildar's Kasba should send with a list the letters received for the Shekdar's Kasba villages and for other Hobli School Masters' stations referred to to the Hobli School Masters at such villages who will have them delivered through the village Toti and send back the list duly receipted and also send to the Taluk Anche Mutsaddi with a list any letters posted at their stations by the villagers. As arrangements should exist for a Taluk Revenue or Police Peon carrying official letters from the Taluk to the Shekdars' Kasbas and Police stations and back

laily, the same agency will serve for the conveyance of private letters to and from the Hobli School Masters at such stations where they are not situated on postal lines. The Hobli School Masters should have nothing to do with the official letters to the Shekdars and Police stations, which should be sent direct to them in separate packets from the Taluk. It is proposed by these arrangements to make adequate provision for extending postal facilities to the villages in respect of which no arrangements exist at present.

10. At Bangalore, a Peshkar, and 21 Mutsaddis and 26 Letter-delivery Peons with a Mutchi and 2 Daffedars are employed, and at Mysore 11 Mutsaddis, a Daffedar and 10 Letter-delivery Peons. Extravagant as these large establishments appear, they cannot be reduced to the full extent until local postage stamps could be introduced. But the Anche Bakshi should meanwhile effect such reductions both in the number of Mutsaddis and Letter Peons as may be found feasible on a careful examination of the work done.

11. To the Head Office are attached 18 Clerical hands and 18 Inspectors and Overseers and 17 menial servants. A Head Accountant on Rs. 70 with an Assistant or Deputy on Rs. 35 and four Accountants, 2 on Rs. 25 and 2 on Rs. 20 could examine the chalans with the accounts received from the Mutsaddis and compile the monthly accounts, and four Clerks and Munshis on Rs. 35, 25, 20 and 15 for clerical work, English and Vernacular, and a Daffedar on Rs. 8 and 6 Peons on Rs. 7 and 6 and a Datterband and a Mashalchi on Rs. 10 and 5 ought to suffice for the Head Office establishments.

12. With regard to the establishment of Inspectors and Overseers, 8 Inspectors appear to have been employed with the view of providing one for each District. This can scarcely be required, and having regard to the contemplated reduction in the number of the Districts, five Inspectors, two on Rs. 40 and three on Rs. 35 with a horse allowance of Rs. 15 each, ought to suffice, *viz.* one for Bangalore and Kolar, and one for each of the remaining Districts of Shimoga, Mysore, Chikmagalur and Tumkúr including Chitaldroog. A fixed horse allowance instead of batta is provided as these men are expected to be constantly moving about, and the men selected for these appointments should be of active habits and able to ride. Their primary duty will be to see to the efficient working of the Runners' establishments and they will also be available for the occasional inspection of Anche Offices. They will be aided each by two Line Overseers on Rs. 10 to 12 each for the supervision of the Runners in the remoter parts of their charge. Of the remaining Overseers, 3 appear to be employed for the conveyance of mails by turns by train on the Mysore State Railway, and they also receive postal letters in the train. These will be continued on salaries ranging from Rs. 12 to 15 under the designation of Travelling Post Masters.

13. The above provides for a complete revision of the Anche establishment, and the Anche Bakshi is requested to carry the same into effect as early as practicable and to submit a report on the reductions effected and their financial results and also forward nominal rolls of the establishments retained and dispensed with, showing their age, service and pay. The reductions of the Clerical establishments may be carried out for the whole Province simultaneously, but those of the Runners should be effected carefully from District to District to ensure that the reduced establishments properly take to their work. In revising the Clerical establishments all inefficient men who may have completed sufficient service to earn a third or half pension with the grace of one year allowed in these cases may with advantage be retired, and if found necessary men newly taken on within the last 3 years, if they are not very good, may be discharged on 6 months' gratuity, so that appointments might be found for all the remaining men. If any of them however cannot be provided for, they will be retained as supernumeraries for short periods. It ought to be feasible to find employment for the Runners thrown out in the Police and Revenue Peons' establishments in the Districts and the appointments of Village Post Peons proposed to be created will also afford an opening for their employment.

14. The several items of contingent charges of the Department including cost of fire sticks and allowances to Begaris should also be hereafter revised with reference to present requirements and a report on the result submitted.

15. The financial results of the working of the Anche Department are to some extent affected by the existing arrangement under which letters received from British Post Offices are conveyed by the local Post and distributed through the local Anche Offices and similarly letters posted at these latter for places beyond the Province are conveyed without any additional charge other than the British postage stamped on the letters and without any compensation for the service rendered. The local Anche Department gets only half the amount of the postage recovered on bearing letters received from British Post Offices and distributed by it, and it also levies additional postage at half the Imperial rates on Bhángi parcels transmitted from British Post Offices and conveyed and distributed by the local Anche. In one or two instances the local Anche carries mails to Imperial Post Offices established in the Province without any remuneration. These matters should be set right if the working of the local Anche is to show satisfactory results in a financial point of view. The subject will receive early consideration.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 15th November 1882.

MEMORANDUM.

1.	Bangalore to Kolar. ..	The number of Runners on this line to be reduced from 3 to 2 per stage and from Malur to Narsipur on the Kolar road from 2 to 1 per stage. It may be worthy of consideration whether the line cannot be altogether abolished, arrangements being made for sending the mail bags by rail to Kadgodi for Hoskote, to Malur for Malur and to Bowringpet for Bowringpet and Kolar.
2.	Kolar to Bowringpet. ..	To be retained with 2 Runners at each stage.
3.	Bowringpet to Betmangala. ..	To retain temporarily reducing the Runners from 2 to 1 for each stage and ultimately to be superseded by Taluk arrangements.
4.	Bowringpet to Budikote. ..	To be superseded by Taluk arrangements.
5.	Kolar to Mulbagal. ..	To be retained, but to reduce the Runners from 2 to 1 for each stage.
6.	Kolar to Shrinivaspur, Chintamani, Sidlaghatta and Chikballapur.	To be retained with 3 Runners at each stage from Kolar to Chintamani and from thence to Chikballapur reducing the number of Runners from 3 to 2 for each stage.
7.	Chikballapur to Manchenahalli and thence to Goribidnur.	To retain, but to reduce the Runners from 2 to 1 for each stage.
8.	Goribidnur to Koratagere. ..	To retain with one Runner for each stage.
9.	Sidlaghatta to Burudagunte. ..	Reduce the number of Runners on the whole line from 6 to 4 at one for each stage, but the line may require to be transferred from Burudagunte to Chintamani in the event of Burudagunte going to the latter Taluk.
10.	Bangalore to Chikballapur and Bagepalli.	To be retained, but 2 Runners at each stage ought to suffice instead of 3 up to Chikballapur and thence 1 Runner at each stage up to Bagepalli. Arrangements should be made for connecting the line with Penakonda.
11.	Yelahanka to Dodballapur. ..	To retain, but reduce the Runners from 3 to 1 for each stage.
12.	Yelvalli to Nandi. ..	To be given up, and that from Nandi to Chikballapur to be retained with a single Runner.
13.	Devanhalli to Vadagenahalli. ..	To be retained, but the Runners to be reduced from 2 to 1 for each stage.
14.	Vadagenahalli to Sidlaghatta. ..	Do do do
15.	Varlakonda to Gudibanda. ..	Do do do
16.	Bangalore to Anekal and— Huskúr to Sarjapur.	Retain the line to Anekal but with one Runner for each stage and then continue on to Attipalli and Sarjapur abolishing the present line from Huskúr to Sarjapur, and arrangements should be made for exchange of letters with Cossoor in British Territory, *viâ* Attipalli.
17.	Closepet to Kankanhalli. ..	To be retained, but to reduce the Runners from 2 to 1 for each stage. Kaglipur, near Bangalore, being situated in the Kankanhalli Taluk, has to be reached through Kankanhalli, but it will be transferred to the Bangalore Taluk hereafter.

18.	Bangalore to Mysore. ..	Whole line to be abolished excepting 2 Runners at each stage between Mysore and French Rocks until a second train commences to run on the Railway from Mysore to French Rocks.
19.	Bangalore to Hassan.	To be abolished up to Channarayapatna as 1st class line and 2 Runners to be posted with eventual reduction into one at each stage from Bangalore to Kunigal by Magadi and only 1 Runner at each stage from Kunigal to Channarayapatna, Hassan post being carried by the Railway to French Rocks and thence by Runners *viâ* Channarayapatna. The line from French Rocks station to Channarayapatna should when Hirod becomes a Sub-District Head-quarters pass through it. The Mysore post to Hassan should be closed at 1 P. M. so as to go with the Bangalore post from French Rocks at about 4 P. M. The number of Runners between Channarayapatna and Hassan may be reduced to 3 per stage, the same number as now exists between Channarayapatna and French Rocks, and 2 per stage hereafter when the Hassan mails from Bangalore are carried by the Tiptúr Railway.
20.	Bangalore to Shimoga by Tumkúr, Tiptúr, Arsikere, Kadur and Tarikere.	Retain as at present with 5 Runners for each stage up to Tumkúr, 4 thence to Kadur, and reduce Runners thence to Shimoga from 4 to 3 for each stage.
21.	Beliamkote to Tyamagondal. ..	Retain with one Runner.
22.	Tumkúr to Harihar by Chitaldroog. ..	To retain with 2 Runners for each stage up to Chitaldroog and 1 Runner thence up to Harihar and up to the frontiers.
23.	Tumkúr to Maddagiri by Koratagere ..	To retain with 2 Runners for each stage.
24.	Maddagiri to Pavagada. ..	The line may be retained, but reduce the Runners from 2 to 1 for each stage.
25.	Tumkúr to Bellavi. ..	To retain, but to reduce the Runners to 1 for each stage.
26.	Tumkúr to Kunigal by Hebbur and thence to Huliyurdurga.	To retain, but 1 Runner for each stage to suffice.
27.	Tiptúr to Honnavalli. ..	Retain with one Runner for each stage.
28.	Tiptúr to Nonavinkere. ..	Retain but with one Runner for each stage.
29.	Mayasandra to Nonavinkere by Turuvekere.	Do do
30.	Kibbanhalli to Hiriyur by Chiknayakanhalli and Huliyar.	Retain only up to Huliyar and reduce the Runners to 1 for each stage. The portion from Huliyar to Hiriyur will not be required as Huliyar is transferred to Tumkúr.
31.	Kibbanhalli to Turuvekere. ..	The line marked from Kibbanhalli to Turuvekere not required.
32.	Chitaldroog to Chellakere. ..	To retain with 2 Runners for each stage for the present, but abolish the line from Hiriyur to Chellakere.
33.	Chellakere to Rayadurga by Molkalmuru.	To retain but with one Runner for each stage.
34.	Chitaldroog to Kankuppa. ..	Retain, but reduce the Runners from 2 to 1 for each stage.

35.	Chitaldroog to Shimoga. ..	Retain, but reduce the Runners from 3 to 2 for each stage and divert the line by Benkipur which will be a saving as it will join with the Bangalore-Shimoga line at Benkipur.
36.	Holalkere to Hosdurga. ..	Retain, but reduce the Runners from 2 to 1 for each stage and continue on up to Huliyar.
37.	Dodéri to Pavagada. ..	Abolish the line, Pavagada having been transferred to Tumkúr District.
38.	Mysore to Kakanhalla on way to Gudalur.	Retain, but reduce the Runners beyond Nanjangúd from 3 to 2 for each stage keeping 3 Runners at each stage between Mysore and Nanjangúd. The Nilgiri Commissioner to be asked to establish a line from Thippakod to Musungudi.
39.	Nanjangúd to Chamrajnagar and thence to Yelandur.	Retain, but reduce the Runners from 3 to 1 for each stage.
40.	Mysore to Narsipur and thence to Talkad.	Alter the line *viâ* Rangasamudra, Gargesvari and Narsipur and reduce the Runners from 3 to 2 for each stage up to Rangasamudra and thence 1 Runner to Talkad. This will save the separate line from Narsipur to Bannur.
41.	Maddur to Malvalli. ..	Abolish this line and substitute a line from Rangasamudra *viâ* Bannur to Malvalli with one Runner for each stage and continue on if necessary to the Sivasamudram Falls or Belkvadi.
42.	Mysore to Heggaddevankote. ..	Retain, but reduce the Runners to 2 for each stage for the present.

R. V.

No. 5101—128, DATED BANGALORE, 16TH NOVEMBER 1882.

ORDER.—It having come to the notice of the Dewan that Deputy Commissioners either themselves or through others sometimes write to Amildars to purchase for them provisions and other articles, the Dewan deems it necessary to point out that the practice is objectionable. It not only places the Amildars in a false position in demanding and obtaining payment for the articles supplied, but it implies altogether an inadequate estimate of the status of Amildars and the consideration and respect which it is intended should be shown to them by their superior officers.

2. The Dewan therefore directs that the practice should be strictly prohibited on the part of all Public Officers and that the Amildars should on no account be addressed by Deputy Commissioners and their Assistants or other Public Officers on such personal matters.

READ—

Letter from the Deputy Commissioner, Mysore District, No. 400 of the 16th November 1882, regarding the adjustment of Taluk boundaries.

CAMP NO. 47, DATED 25TH NOVEMBER 1882.

ORDER THEREON.—The proposed transfer of 79 villages from Malvalli to Kankanhalli and 5 villages to Closepet, and of 34 villages from the Yedatore to the Narsipur Taluk are approved and will be notified; and may at once be carried into effect. As this withdrawal of nearly 2 entire Hoblis from Malvalli greatly reduces the size of this Taluk, it cannot be worth while to retain it as a separate Taluk. It can be amalgamated with the Talkad or rather the Narsipur Taluk which is not very large. The Tayur Hobli of Narsipur or most of its villages excepting those which are within 5 miles of Narsipur may be transferred to Nanjangúd to make that Taluk somewhat more respectable in size, and if the Múgúr Hobli were absorbed in the Narsipur Hobli, and the Bannur villages and the southern parts of Bevinahalli formed into one Hobli were also transferred to Narsipur, the new Narsipur Taluk will consist of the Hoblis of (1) Narsipur, (2) Talkad, (3) Rangasamudra, (4) Sosile and (5) Bannur under the Amildar's charge, with the Hoblis of (6) Purigal which may be called Belakavadi, (7) Malvalli and (8) Kiragaval under a Deputy Amildar at Malvalli. The northern and western villages of the Kulagere Hobli may be added on to the Dodda Arasinkere Hobli of the Mandya Taluk, and the remainder of this Hobli and the Hobli of Gaudagere may be amalgamated with Malvalli. The northern part of the Bevinahalli Hobli may be distributed between the Arekere Hobli of Ashtagram and the Kiragaval Hobli with reference to the distances of the villages from the respective Hobli Head-Quarters.

2. Of the Taluks of Holé Narsipur including Arkalgúd, Channarayapatna, Nagamangala and Attikuppa which are to be transferred from the Hassan to the Mysore District, it is proposed to form the last mentioned three Taluks together with the Mandya and Ashtagram Taluks into a Sub-Division with its Head-Quarters at French-Rocks, with a Deputy Amildar at French-Rocks to be attached to the Ashtagram Taluk who will have also charge of the Melkote Hobli of the Attikuppa Taluk, to be transferred to Ashtagram Taluk as is separately notified.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 25th November 1882.

3. Any further necessary transfers of villages between Taluks in the District to make them compact should be at once recommended together with proposals for the re-arrangement and reduction of Hoblis with a detailed list of the villages and Hoblis as now existing and as proposed. It is not at all necessary to retain the present Head-Quarters of the Hoblis. Other villages sufficiently large and situated at the Police stations on the high roads are, where convenient, to be preferred for the Head-Quarters of Hoblis in order that the Police and Hobli arrangements may harmonize. This of course cannot be done in all cases, but the object must be kept in view in the re-arrangement. To go to details:—The Gundlupet Taluk may be divided into 5 Hoblis, *viz.*, (1) Gundlupet, (2) Tirkanambi, (3) Hangala, (4) Raghavapur and the fifth Hobli at some good village near Maddur on the Sultan Battery Road.

The Nanjangúd Taluk may consist of the following Hoblis, *viz.*, (1) Nanjangúd, (2) Tagadur, (3) Hadinaru, (4) Hura and a fifth Hobli to comprise the villages of the Taluk on the Chamrajnagar and Gundlupet roads.

The Heggaddevankote Taluk may consist of four Hoblis, (1) Sargúr, (2) Antarsante, (3) Heggaddevankote and (4) Hampapur.

The Mysore Taluk may be divided into the Hoblis of Mysore, Yelwal, Sindahalli, Chetnahalli and Vajamangala. The Melhalli and Harohalli and any other villages of the Chendgal Hobli of the Ashtagram Taluk situated on the road from Mysore to Malvalli should be transferred to the Mysore Taluk, so that the road may be within the limits of the Mysore and Narsipur Taluks alone.

The Ashtagram Taluk may have the following Hoblis, *viz.*, (1) Kasba, (2) Belagula, (3) Chendgal, (4) Arekere, (5) Settihalli, (6) French-Rocks, (7) Melkote or rather Bellale or Bálé Ars' Chatram and (8) Kyatanahalli or other large village near the Damadahalli Police Station.

The Periyapatna Taluk may consist of (1) Hunsúr, (2) Bilikere, (3) Periyapatna, (4) Bettadpur and one or two other Hoblis to comprise the villages between Hunsúr and Heggaddevankote on one side and towards Fraserpet on the other.

The Yedatore Taluk with the villages transferred from Arkalgúd may be divided into the Hoblis of (1) Yedatore, (2) Bherya, (3) Saligram, (4) Halli Mysore, and (5) Ramnathpur or Rudrapatna or some other station on the south side of the Cauvery comprising all the western villages of the Taluk on that side.

The Mandya Taluk may consist of (1) Mandya, (2) Dodda Arsinkere, (3) Yeliyúr, (4) Maddur, (5) Dudda, (6) Basral, (7) Ataguru, and (8) a Hobli to comprise the Koppa villages transferred from Kunigal and the adjoining villages to the west of the Shimsha.

In making these suggestions, the Dewan wishes it to be understood that the arrangements in detail should be determined upon with reference to local requirements and after making such modifications as may be deemed necessary. It will be useful if the lists of villages in each Taluk and Hobli which are to be submitted show in two columns their distance from the Taluk and Hobli Head-Quarters. As the revised arrangements are to come into effect on the 1st December, no time should be lost in submitting final proposals.

***Proceedings** of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 25th November* 1882.

3. Any further necessary transfers of villages between Taluks in the District to make them compact should be at once recommended together with proposals for the re-arrangement and reduction of Hoblis with a detailed list of the villages and Hoblis as now existing and as proposed. It is not at all necessary to retain the present Head-Quarters of the Hoblis. Other villages sufficiently large and situated at the Police stations on the high roads are, where convenient, to be preferred for the Head-Quarters of Hoblis in order that the Police and Hobli arrangements may harmonize. This of course cannot be done in all cases, but the object must be kept in view in the re-arrangement. To go to details :—The Gundlupet Taluk may be divided into 5 Hoblis, *viz.*, (1) Gundlupet, (2) Tirkanambi, (3) Hangala, (4) Raghavapur and the fifth Hobli at some good village near Maddur on the Sultan Battery Road.

The Nanjangúd Taluk may consist of the following Hoblis, *viz.*, (1) Nanjangúd, (2) Tagadur, (3) Hadinaru, (4) Hura and a fifth Hobli to comprise the villages of the Taluk on the Chamrajnagar and Gundlupet roads.

The Heggaddevankote Taluk may consist of four Hoblis, (1) Sargúr, (2) Antarsante, (3) Heggaddevankote and (4) Hampapur.

The Mysore Taluk may be divided into the Hoblis of Mysore, Yelwal, Sindahalli, Chetnahalli and Vajamangala. The Melhalli and Harohalli and any other villages of the Chendgal Hobli of the Ashtagram Taluk situated on the road from Mysore to Malvalli should be transferred to the Mysore Taluk, so that the road may be within the limits of the Mysore and Narsipur Taluks alone.

The Ashtagram Taluk may have the following Hoblis, *viz.*, (1) Kasba, (2) Belagula, (3) Chendgal, (4) Arekere, (5) Settihalli, (6) French-Rocks, (7) Melkote or rather Bellale or Bálé Ars' Chatram and (8) Kyatanahalli or other large village near the Damadahalli Police Station.

The Periyapatna Taluk may consist of (1) Hunsúr, (2) Bilikere, (3) Periyapatna, (4) Bettadpur and one or two other Hoblis to comprise the villages between Hunsúr and Heggaddevankote on one side and towards Fraserpet on the other.

The Yedatore Taluk with the villages transferred from Arkalgúd may be divided into the Hoblis of (1) Yedatore, (2) Bheryé, (3) Saligram, (4) Halli Mysore, and (5) Ramnathpur or Rudrapatna or some other station on the south side of the Cauvery comprising all the western villages of the Taluk on that side.

The Mandya Taluk may consist of (1) Mandya, (2) Dodda Arsinkere, (3) Yeliyúr, (4) Maddur, (5) Dudda, (6) Basral, (7) Ataguru, and (8) a Hobli to comprise the Koppa villages transferred from Kunigal and the adjoining villages to the west of the Shimsha.

In making these suggestions, the Dewan wishes it to be understood that the arrangements in detail should be determined upon with reference to local requirements and after making such modifications as may be deemed necessary. JUDICIAL.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (Judicial),—dated 20th December 1882.

READ.—

Letter No. 807—554 of the 18th November 1882, from the Deputy Commissioner of—

No. 5806-13—148, DATED BANGALORE, 20TH DECEMBER 1882.

ORDER THEREON.—The Dewan cannot but extremely regret that the Distr Magistrate should have needlessly ordered the prosecution for giving false evidence o ....., a respectable inhabitant of.....in a trivial case, and apparently on grounds of doubtful validity. Such proceedings are naturally attributed by the people either to personal feelings or to an ostentatious display of authority on the part of public officers, which cannot raise them in the esteem of the public. Public officers are expected to use the authority placed in their hands solely for the promotion of the interests and welfare of the public at large. Considering how much our officers are themselves to blame for the careless manner in which erroneous or vague statements are taken down, prosecutions for perjury will prove a needless engine of oppression unless confined to intentional or wilful false statements of serious import deliberately made.

R. VIJAYINDRA RAO,
Secretary.

To—The Deputy Commissioners of Districts for information.

PART I.

FORESTS.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (Forests),—dated 4th December 1882.

No. 5397-5401—215, DATED 4TH DECEMBER 1882.

ORDER.—In view of the high price of teak at Madras and other markets, the prices at the Mysore Government Depôts of the superior classes of teak both in the Mysore and Shimoga Districts are until further orders raised by four annas per cubic foot. The prices at the Mysore Woodyard will be as follows:—

Class of Timber.	Present Rate per C. ft.		Revised Rate per C. ft.	
Teak—	Rs.	As.	Rs.	As.
1st Class, superior	1	8	1	12
Do do	1	6	1	10
2nd Class	1	4	1	8
3rd Class	1	2	1	4
4th Class		0	1	2

2. The Assistant Conservator at Shimoga should revise and raise the prices similarly and report the same.

R. VIJAYINDRA RAO,
Secretary.

To—The Deputy Commissioners of Mysore and Shimoga.
The Supt. of Govt. Farms and Forests, Mysore District.
The Assistant Conservator of Forests, Shimoga.
The Comptroller.

PART I.

GENERAL.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 4th December 1882.

No. 5385—Cir. 139, dated 1st December 1882.

Order.—As the extensive reductions of Establishments which are being carried out would leave many officials retiring on pensions and gratuities without occupation, His Highness' Government is desirous of affording them every encouragement to settle themselves in the cultivation of land. The Deputy Commissioners are requested to afford every facility to such officials desiring to take up lands with due regard of course to the rights and conveniences of existing cultivators. The Dewan will be prepared specially to sanction favorable terms of assessment for a short period of 3 or 4 years if applications with details of the lands proposed to be taken up are received within the next 6 months.

2. As the reductions will necessitate a number of efficient men being retained as supernumeraries for a time without any work on half pay until they could be provided for, any applications from subordinate officials of promise to study in the Agricultural College at Madras, or in the Engineering College at Poona or Madras, or in the Elementary Engineering School at Bangalore or in the Railway Work Shops will also be favorably considered. They will be allowed two-thirds of their present pay for the period required for a complete course of study in the above Institutions, such time being further allowed to count as service.

R. VIJAYINDRA RAO,
Secretary.

To—The Deputy Commissioners of Districts,
The Heads of Departments

No. 5388—140, dated 4th December 1882.

Order.—Owing to difficulties attendant on jurisdiction in criminal cases, Heads of Offices in the Administration, inclusive of the several Departments of the Railway, are informed that they are not at liberty to employ any Europeans or Eurasians without the previous sanction of the Government, and they are further requested to submit a list of the officials belonging to the above classes who may be now borne on their establishments, giving their names, age, pay, date of first employment and length of service, and stating whether they claim to be European British subjects.

2. The definition of a European British subject as recently modified by the Criminal Procedure Code is given in the margin for ready reference.

"European British Subject" means—

(1.) Any subject of Her Majesty born, naturalized or domiciled in the United Kingdom of Great Britain and Ireland, or in any of the European, American or Australian Colonies or Possessions of Her Majesty, or in the Colony of New Zealand or in the Colony of the Cape of Good Hope or Natal,

(2.) Any child or grand-child of any such person by legitimate descent.

R. VIJAYINDRA RAO,
Secretary.

To—All Heads of Departments.

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 21st December 1882.

READ—

No. 5857-60—182, DATED BANGALORE, 21ST DECEMBER 1882.

ORDER.—The officials noted in the accompanying list who are all reported to be old and inefficient may, as proposed by the Deputy Commissioner, be retired, but only to such extent as may be required to provide for those thrown out in the reduction of the Taluks and Hobhs, the other appointments being reserved for the Judicial hands for whom the Judicial Department may not be able to provide, and for any reductions hereafter connected with the District Office. The persons actually retired and how their appointments are filled up by the reduced officials should be reported.

2. No reference is made to the Police Inspectors of the two abolished Taluks. If they are good men deserving to be kept, the appointments of the 2 Police Inspectors proposed to be retired may provide for them.

3. In regard to the menial servants, a list of those proposed to be pensioned or awarded gratuity is alone required, the others being provided for by the Deputy Commissioner in the General, Revenue and Police establishments of the District.

4. The scale of establishments for the Deputy Amildars sanctioned in Proceedings No. 5855—160, dated 21st December 1882, should be adhered to, and the establishments for the Deputy Amildar of Devanhalli should be provided from the officials thrown out in that Taluk. The Deputy Commissioner of Bangalore should submit proposals for the disposal of the establishments of the abolished Taluk of Devanhalli.

5. A statement of the reductions effected should be submitted by the respective Deputy Commissioners.

6. The necessary additions to the Court House at Chintamani to make it suitable for a Taluk Cutcherry should at once be made through the Public Works Department in anticipation of sanction, and the old Taluk Cutcherry Building at that station should be sold and the result reported.

7. The claims and qualifications of the officials marginally noted, who appear to have completed service for pension or have very short service and who as belonging to the abolished Taluks would naturally be the first to be selected for retirement, should be reported.

From the Deputy Commissioner, Hassan District, To the Secretary to the Dewan of Mysore, No. 2349—737, dated Hassan, 9th December 1882.

I have the honor to forward herewith a statement showing the proposed Hoblis in the Taluks of this District as they now stand, to be laid before the Dewan for his very early orders, as in the event of the grouping of villages and their classification being approved and sanctioned, it will materially help me in the disposal of the Establishments in which I am at present engaged.

2. I have not thought it expedient or desirable to transfer the Shekdars of Hoblis given away to other Districts or to take any from other Districts from which villages have been added to this District. The net result of the recent territorial adjustment is an increase of 66 villages, as shown in the margin, and I trust that the Dewan will agree with me in thinking that the present number of Hoblis is a correct guide for regulating the future requirements. The number of Hoblis before the territorial transfers was 74 at a monthly expenditure of Rs. 1,035 and as the District has, as a net result, received an addition of 66 villages, and as it is not the intention of the Dewan to effect any great saving in the Shekdars' Establishments, I have deemed myself at liberty to appropriate the whole of this money for the proposed Shekdars. I have reduced the number of Hoblis by less than one-third, but the arrangement has resulted in a monthly saving of fifty-five Rupees which, I beg respectfully to recommend once more for the consideration of the Dewan, may be utilized for giving the Hassan Taluk a Deputy Amildar to be stationed at Gorur and have charge of Kattaya, Ponnathapur, Palya and Alur Hoblis. Should the Dewan, however, adhere to his opinion that this extra help is unnecessary, I would beg to be permitted to use the saving to raise eleven more Hoblis to the first class. In venturing to offer this suggestion for the consideration of the Dewan, I beg respectfully to submit that it is very desirable to improve the status of our Shekdars. Fifteen rupees, I do not think, is a sufficient attraction to any educated young man to take up that appointment. Further so many traditional associations surround this really important office, that many a deserving man who would accept a Taluk Gumastaship without any hesitation considers it below his dignity to go out as a Shekdar. It is of course true that as calling forth independent action and involving executive functions, the

duties of a Shekdar are much more respectable and onerous than those of an Office Gumasta, bu prejudices, though ill-founded, do exist as a matter of fact. The only remedy to improve the pre sent unsatisfactory condition of things, which in my humble opinion is a very necessary measure is to pay the Shekdars at a higher rate of pay than the Gumastas, and to publish that by th money standard also the Shekdars' appointments are now recognized to be more valuable thar horetofore. In this view of the case, I feel confident that the Dewan will not withhold his sanctio to make as many Hoblis of the first class as our funds permit. From another point of view alsc the raising of the pay of Shekdars suggests itself very forcibly. The duties and responsibilities o Shekdars are by no means less troublesome or onerous than those of the Police Jamadars and a such duties also may eventually be entrusted to them, it is but fair that the remuneration of botl these classes of officials should be equalized. The Jamadars are now paid 20 and 15 Rs. respec tively with a horse allowance of 6 Rs. It is perhaps premature to recommend a separate allowanc to Shekdars, but I trust the reasons I have adduced will be deemed by the Dewan sufficient t have as many Shekdars on 20 Rs. as ou funds permit. In the event of this proposa being accepted, I beg to state that the Hobli noted in the margin may be ordered to b raised to the 1st Class.

3. To explain the principles on which I have grouped the villages and classified the Hoblis, I beg to state that I have discussed the subject very carefully and minutely with all the Amildars and Police Inspectors, and the proposals now submitted have been concurred in by all of them. Others whose opinion seemed worth taking in such matters were also consulted, and the Hoblis as now formed are regarded by all as being very fair and workable by men of average intelligence and industry, they being neither too large nor too small. I have adopted as a general standard seventy villages, a revenue of twenty thousand rupees and a population of ten thousand souls for a Hobli. But local circumstances and other considerations such as the constitution of Firkhas, the kind of cultivation and the nature of the country to be traversed, have caused great fluctuations in the revenue, population and the number of villages of the several Hoblis, but such are inevitable. In very few Hoblis special causes have been at work to raise the revenue or the number of villages, as for instance channel irrigation in Akkihebbal and Kannambodis' tanks in Halébid and Chaunarayaptna Hoblis, and coffee cultivation in the Malnad Hoblis of the Hassan and Belur Taluks have swelled their revenue The large number of villages comprised in a Firkha in the Belur Taluk and their position close to each other in the Nagamangala Taluk have raised their number in a few Hoblis there but these special circumstances, I feel assured, do not affect the general standard which has been adopted. Strict regard has been paid to the constitution of the present Firkhas and the distances of villages from the Hobli Kasbas, the maximum distance being in no case more than ten miles. I have also endeavoured with general success to make the Hoblis and the Police Tannah charges conterminous, and located both the Tannah Daffedar and the Shekdar in the same place The only exceptions to this rule are that I was obliged to have firstly in the Attikuppa Taluk an out-post at Bukankere attached to the Kannambadi station; 2ndly, have one additional Hobli (Tagare) within the Belur Kasba Tannahdar's jurisdiction, and another within that of Palya Station in the Hassan Taluk, allotting both these Tannahs more peons; and 3rdly, have in the Arsikere Taluk an out-pos at Halkur attached to Kanakatte station. A new Police allocation statement according to the present requirements will be submitted in the Police Department, but this allusion to that subject is deemed necessary to explain one of the main principles on which the villages are grouped into Hoblis. All having a population of ten thousand souls and above, or a revenue of twenty thousand rupees and above, have been included in the first class ; while those below those standards have been placed in the second. I have made a single exception in the case of Arsikere and taken it to the first class, though inferior in point of revenue and population, as it is the Taluk kasba and is on the high road. It may also be added that the maximum, minimum, and the average population revenue, and the number of villages included in the several Taluks of the two Sub-Districts to which this District is intended to be divided are shown below, and are compared with the same statistics under the old arrangement for the whole District. :—

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (General),—dated 22nd December 1882.

4. In conclusion, I beg that the Dewan's sanction may be kindly obtained and communicated to me at as early a date as possible to constitute the Hoblis as now recommended, as till then I will not be able to dispose of all the officials and submit the schedules of establishments. I have only to add that if the Dewan is pleased to approve of the classification now recommended, I am very hopeful to secure the services of really good and efficient men. It only remains for me to state that the Arkalgúd Deputy Amildar's charge comprises the following Hoblis :—

1. Arkalgúd.
2. Mallipatna.
3. Nilvagal.

No. 5899-5907—154, DATED BANGALORE, 22ND DECEMBER 1882.

2. The Shekdarships, as revised, will be of two grades, one on 20 Rs. and the ther on 15 Rs. pay, and a certain number of each grade is provided for each Taluk. he higher paid Shekdars will be ordinarily posted to the more difficult charges with larger revenue, but this need not be strictly adhered to always; a Shekdar when aised to a higher or reduced to a lower grade in the same Taluk, need not necessarily be transferred to another Hobli; but it is desirable that the number of Shekdars f each grade assigned to every Taluk should be strictly adhered to, so that the mount of the Taluk Baravards may not be altered.

3. A nominal list of the appointments made to the revised Shekdarships, showing he age, service, present pay and new pay of the incumbents, should be submitted; the hekdars who are to be retired on pension or awarded gratuity on account of old age

or inefficiency should be included in the similar lists of the superior establishments of the whole District which are also to be submitted.

4. Where large numbers of villages have been taken from or given to other Districts, it is desirable that the Shekdars belonging to them should go with them.

5. A detailed list of villages for each Hobli of each Taluk, as revised, should be furnished for publication.

READ—

Letter No. 447, dated 15th December 1882, from the Deputy Commissioner of the Mysore District.

No. 5946—236, DATED BANGALORE, 22ND DECEMBER 1882.

ORDER.—The transfers of villages from one Taluk to another in the Mysore District will be at once published inclusive of the transfer of the 23 villages of the Bannur and Bevinahalli Hoblis from Seringapatam to Tirumakudlu Narsipur Taluk, which is omitted in the Deputy Commissioner's letter.

2. The arrangements for the revision of the hoblis appear to have been made with care, but still they seem to admit of improvement; and as it is important that the arrangement now made should be complete and final, too much attention cannot be given to it. The Amildars should be consulted as far as practicable. In some of the hoblis the distances from hobli quarters are not entered; and the whole statement would be more useful if the beriz of each village were also entered, to show that each hobli has a pretty fair beriz.

3. The following points would require consideration in the revision:—

(1) In the Mysore Taluk the five hoblis seem to be properly arranged, but some villages marked in pencil which are nearer to Mysore than to the other hoblis in which they are proposed to be included, may be added on to the Mysore Hobli with greater convenience, such as—

Rammanahalli on the Taripura road which has no connection with Wajamangala and probably Hancha also; and Uthanhalli, Chamundi Betta, Bandipalya and Mahantanakoppal, &c., in the Sindhuvalli Hobli.

(2) In the Nanjangúd Taluk it may be worthy of consideration whether the Hadinaru Hobli which even as revised comprises but twenty-seven villages may not also be added on to Tagadur to which station the villages must all be near. If necessary, any villages between Tagadur and Nanjangúd may be transferred to the latter hobli to relieve the former; some villages of the Kalale Hobli appear to be nearer to Nanjangúd than to Kalale, in which case their transfer to Nanjangúd would be proper unless common irrigation or other circumstances connect them more with Kalale.

(3) In the Gundlupet Taluk the Berambadi Hobli comprising twenty-six villages seems to be so small that it can scarcely be retained as a separate hobli. Six* of the villages are nearer to Gundlupet than to Berambadi itself; it is therefore suggested that the hobli may be added on to Gundlupet, from which no village is more than ten miles distant. Any villages nearer Hangal than Gundlupet may be transferred to the former and if the addition is deemed too great for the Gundlupet Hobli, some villages of it situated towards Tirakanambi and Raghavapura may be added to those hoblis respectively: but thirty-five villages of the Gundlupet Hobli and twenty-six of Berambadi cannot be considered too large a charge for a first class Shekdar on Rs. 20.

1. * Kutanur.
2. Bhimanabidu.
3. Madahalli.
4. Garaganahalli.
5. Nyanakatte.
6. Malavalli.

(4) In the Chamarajnagar Taluk the necessity of keeping Ummattur comprising only fourteen villages as a separate hobli should be explained. Bendaravadi which is on a different road altogether, appears to have been included in the Ummattur Hobli; probably the fourteen villages of this hobli form the inam villages of the Chamarajnagar temple; but that can be no sufficient ground for making a separate hobli of them. The villages should be distributed amongst the Kutteru and other hoblis to which they may be near.

(5) In the Heggaddevankote Taluk the Antarasante Hobli is disproportionately small, and may perhaps be added on to Heggaddevankote Hobli.

(6) In the Hunsúr Taluk the hoblis are large and few. The beriz of the villages should be given to enable this Office to determine whether any of the hoblis is too large.

(7) In the Yedatore Taluk the Saligrama Hobli comprising only twenty villages seems too small, probably these are irrigated villages with a large revenue; even in that case, some villages of the Bherya Hobli in which there are at present seventy-four villages—some of them irrigated like Mirle—may, if the distance admits, be transferred to Saligrama. The head-quarters of the Bherya Hobli itself may perhaps be better placed in the larger station of Mirle, or perhaps Hampapur; but Hampapur, on the other side of the river, is included in the Yedatore Hobli; this is perhaps done to place all the villages irrigated by the same anicut in the same hobli.

In the Haradanahalli Hobli, there are but twenty villages, and if they have not a large beriz, they would scarcely suffice to make up a hobli; they should be added on to Yedatore Hobli which may give up Hampapur and any other villages on the other side of the river, which with the villages of Saligrama and Bherya Hoblis could be formed into two compact hoblis. As already remarked, it is not possible to form an opinion on the subject without the beriz of the villages.

(8) In the Tirumakudlu Narsipur Taluk the Talkad Hobli comprises but fifteen villages. As they are all under channel irrigation and in a corner, it may perhaps be necessary to retain them as a separate hobli. But Malvalli has seventy-nine villages, whilst Belakavadi and Kirigaval have only thirty-nine and twenty-four respectively; any villages of Malvalli situated in the direction of the other two hoblis should be transferred to them to make the hoblis not so disproportionate in size.

(9) In the Seringapatam Taluk the hoblis are very much determined by the important consideration of common irrigation.

Thus Palahalli and Agrahara; which are much nearer to Seringapatam than to Balagola, have probably to be added to the latter on account of their having common irrigation with Balagola. The head-quarters of the Balagola Hobli may be more conveniently placed at Palahalli instead of at Balagola.

The number of villages in each hobli in this Taluk is necessarily small, as they are irrigated villages with large beriz; but a definite opinion on the subject can only be formed when a revised statement is submitted showing the beriz as well as the distance of the villages.

The more important villages of the Damadahalli Hobli are so near Seringapatam which has but six villages and some of them like Darasaguppe under the same irrigation that the hobli can be conveniently added to the Seringapatam Hobli, any villages not irrigated by the channel and nearer French Rocks being transferred to that hobli.

(10) In the Mandya Taluk the number of hoblis proposed seems unnecessarily large in comparison with the beriz of the Taluk. The Dudda Hobli may be broken up and distributed amongst the adjoining hoblis such as Mandya and Basral; and some similar arrangement should, if possible, be also made in respect of Koppa Hobli which comprises but thirty villages, unless portions of Basral are to be added to it to make it more respectable in size.

4. The revised arrangements should be submitted as early as practicable for sanction and publication.

5.	Narasimhamurti Rao	.. Treasury Head Accountant, Pay Rs 40	
6.	Guru Rao	... Head Munshi, General Assistant Commissioner's Office, Pay Rs. 50	

4. The Deputy Commissioner should arrange to provide Chinnasami Chetti with a 1st class Taluk Shroffship, and Revenue Accountant Vyasa Rao with a Taluk Sumastaship or Sheikdarship whichever he may be fitted for. If necessary Chinnasami Chetti may be also borne as a Supernumerary to be provided for on the occurrence of a vacancy elsewhere.

5. The Jail establishment will be looked to hereafter when the Jail is abolished.

6. The arrangements to be made in connection with the revision of the Hoblis should also be at once completed.

7. An Assistant Munshi on Rs. 12 for each of the Taluks of Arsikere and Holé Narsipur is sanctioned. There do not appear sufficient grounds for the further additions proposed for the Hassan and Belur Taluks. The subject may be deferred for the present.
